

Michelangelo

Michelangelo was born in Italy in 1475. He was a famous sculptor, painter, and architect. An architect is someone that helps to design buildings. Michelangelo lived during the Italian Renaissance, which was a time that a lot of famous artists lived and worked. Some of his most famous works include the David sculpture and the paintings on the ceiling of the Sistine Chapel in the Vatican. The David sculpture is over 13 feet tall! Today, thousands of people still stand in line to see his beautiful sculptures and paintings ever year. His art continues to be loved around the world.

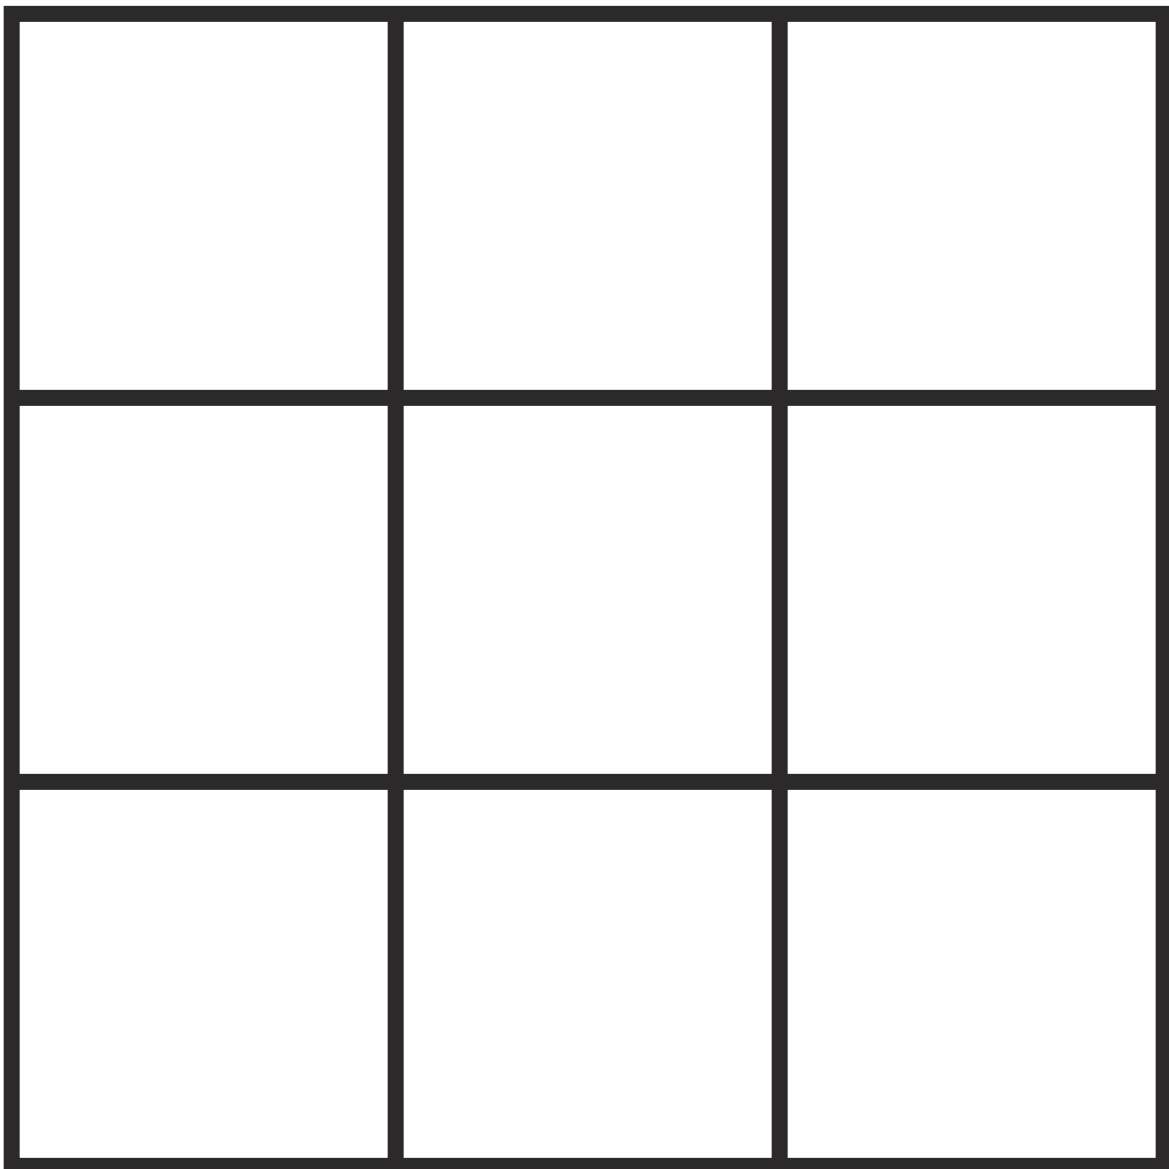

Michelangelo

Draw the apple by copying each square one at a time.

Draw lines to connect the pictures that **match**.
