

Wolfgang Amadeus Mozart

Wolfgang Amadeus Mozart was born in 1756 in Salzburg. Salzburg is a city that later became part of Austria. Mozart was considered to be a child prodigy because he composed his first piece of music at five years old. A child prodigy is a person under the age of ten who is able to create something similar to an adult that is an expert. He is famous for being one of the greatest music composers of all time. He was also a very skilled piano and violin player. Today, the music that he composed is still very popular and is played all over the world.
