

A woman with dark hair and red lipstick stands on a metal bridge. She is wearing a black blazer, a plaid scarf, and purple high-heeled shoes. A small brown dog is on a leash to her left. A yellow pet carrier is on the ground to her right. A large yellow hexagonal graphic is overlaid on the image, containing the text 'Care2 BY MIMSAFE'.

Care²

BY MIMSAFE

DESIGN WITH CARE

It's all about offering a safe place for the one who really matter most to you. Then add a feel for every single detail, exact what makes every step in your daily life, every lift you make and every planned journey, so simple and so safe.

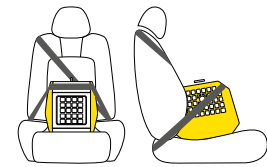

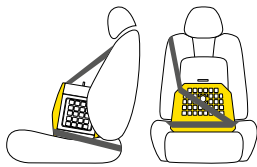

WE KNOW
YOU
CARE TOO

Care² is designed, developed
and safety tested in Sweden.
Here combines high quality
with a stylish design.

Too cold or too hot? The decorative thermometer always gives you a close look. And it will be easier for you to make the right decision.

Two doors, one on each side

A smart solution when you want to be able to reach your friend from different directions. Clearly marked attachments for the seat belt make it easy to install Care² in your vehicle.

The world's safest car seat pet carrier

- *Crash tested at at RISE Research Institute of Sweden
- ISO 9001:2015 certified manufacturing
- Aluminium frame, fully recyclable, non-toxic materials
- Splinter proof nylon with re-enforced armoured doors
- Integrated safety belt attachment points
- Integrated temperature gauge
- Easy to fit in car passenger and back seat with your seat belts
- Lifetime manufacturers guarantee

Care²

Only the best materials are good enough, and that applies in every detail. For extra safety, the doors are reinforced.

Care2 is a safe choice. The crash tests meet the same harsh requirements that are demanded on baby car seats.
