

Reminiscent of the traditional Indian cotton quilts made from scraps of colourful fabric, these designs from Donna Wilson are vibrant and beautifully textured. They are made from 100% cotton and are hand-block printed on both sides. The designs are also quilt stitched, giving the patterns real texture and depth. The quilts are padded out with cotton filling and are comparable to a light blanket in terms of warmth. The quilts are available in Harlequin and Diamond Red. A light weight throw is available in Diamond Midnight and Blue Vee and a cushion is available in Diamond Midnight. Made in India.
