

Lansdowne Terence Woodgate

A low-lying modern interpretation of the classic English chesterfield, the updated 2014 edition Lansdowne sofa is a piece that sits comfortably in both domestic and commercial settings. The Lansdowne is a design for the ages, elegant and modest in style. It sits on bronze plated steel legs.

Systems are built using a combination of no arm, one arm and two arm sofas, all available in one, two, three or 4 seat versions.

Made in Norfolk, UK.
