

Oscar Matthew Hilton

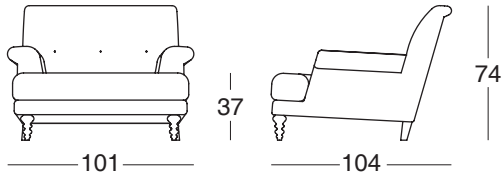

A collection that strikes a pleasing balance between modernity and tradition. Oscar by Matthew Hilton is beautifully proportioned, balancing a delicate contrast of long straight lines and natural curves. The Oscar collection comprises an armchair, two, three and four seat sofa, chaise longue, two and three seat sectional sofa, small and large ottoman, daybed and bed.

The frame is made from European hardwood with jute webbing and hessian straps. It is covered with a mix of renewable materials that include natural fibres, animal hair and wool. With large cushions in either feather or foam core with a feather wrap. The turned feet are walnut stained beech.

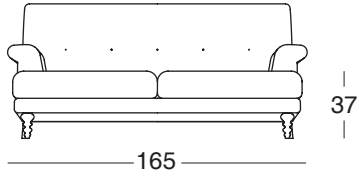

Made in the UK.
