

Woodgate Terence Woodgate

The Woodgate sofa system is a visually light and lean design, progressive in its conception and modest in style. A collection that comprises armchair, chaise longue and sofa, or as a versatile modular sofa system to allow for L shaped configurations. Systems are built using a combination of no arm, one arm and two arm sofas, all available in one, two, three or 4 seat versions.

The frame is made from FSC approved beech frame, jute and elasticated webbing and then covered with a mix of renewable materials including natural fibres and wool. The sofa sits on bronze plated steel legs.

Made in the UK.
