## PRODUCT DATA SHEET

Portable Speed Hump

SKU: PSH

### SPECIFICATIONS

Material	Plastic
Weight	12.5 Kg
Height	45 mm
Length	3000 mm
Width	230 mm

### PRODUCT DESCRIPTION

Enhance traffic safety and control vehicle speeds with the Portable Speed Hump. This temporary traffic calming solution is designed to be easily deployed and removed as needed. Ideal for construction zones, events, or areas requiring temporary speed reduction, the Portable Speed Hump effectively slows down vehicles, contributing to improved safety for both drivers and pedestrians.

**Features:**

- Portable Speed Hump
- Temporary Traffic Calming Solution
- Easy Deployment and Removal
- Controls Vehicle Speeds Effectively
- Ideal for Construction Zones, Events, and Temporary Speed Reduction
