CERTIFICATE OF COMPLIANCE

Certificate Number: AYVA_20232510

Date of Issue: 25 October 2023

Customer: eSafety Supplies

The quality system of Ayva Packaging Pty Ltd focuses on the delivery of quality products to our customers.

Management and staff are committed to implement a food safety plan that defines the minimum standards for all our processes and follows a series of written procedures that will give you, our customers, confidence in our products and services.

None of the materials used to manufacture all plastic pails and lids by Ayva contain any allergens and are food safe and do not contain bisphenol A (BPA). All pails and lids manufactured meets GMP, and the FDA requirements contained in the Code for Federal Regulations in 21 CFR 177.1520(a)(3)(i) and (c)3.2a.

Ayva Packaging consistently manufacture products that are safe and of high quality. The facility operates under a ISO9001, and HACCP based quality system program that is independently audited by third party institutions. Under these rigorous standards, Ayva Packaging maintains many pre-requisite food safety programs such as Pest and Chemical Controls, Consumer Response System, Allergen Control, Sanitation Processes, Employee Training, Product Traceability and Recall, etc.

Finally, supporting quality programs are in place to ensure all products are manufactured to meet pre-established specification parameters including product weight inspections, leak test and other product related quality tests.
