Qualica-RD **ALHENA**

The height of the glass can be extended to 1.8m. for greater safety.

Qualica-RD ALHENA. Access control turnstile for pedestrian entry or exit in restricted areas, both directions. It has the fastest opening and closing speed rate: 0.2 seconds (adjustable).

The passage width reaches 600-1140mm, which is suitable for people with reduced mobility or pedestrians with bulky luggage. Brushed stainless steel body, robust, rustproof, waterproof and durable.

3-year warranty. It is ideal for areas with general pedestrian traffic; parks, schools, factories, libraries, cinemas, gymnasiums, etc.

ALHENA Speed turnstile

Features

- It is ideal for both indoor and outdoor use.
- Long life performance and fast response.
- Automatic reset function: the turnstile arm will automatically lock within 5 sec (can be adjusted) if the passenger delay is given to the input.
- RFID, fingerprint and biometric reading device can be integrated.
- In case of emergency, the arms will open automatically to allow free passage (fire-fighting).

Technical specifications

Material of the structure	304 stainless steel + Clear plexiglass arm + Tempered glass on the side
Dimensions	1600 * 160 * 1000mm
Net weight	75kg/unit (single core), 85kg/unit (double core)
Pitch width	600mm(standard), 1140mm (wheel chair)
Arm height	900-1400mm (Max.)
Pitch direction	Unidirectional and Bidirectional
MCBF	10 million
Power supply	AC220V/110V, 50/60Hz
Operating voltage	24V DC
Power consumption	40W
Operating temperature	-20 °C - 75 °C
Operating humidity	0 ~ 95% (no freezing)
Operating environment	Indoor / Outdoor
Flow rate	40-45 persons per minute
LED indicator	LED indicators on top
Infrared sensor	6 pairs
Communication	Dry contact, relay signal, RS485

Dimensions (mm)
