

Personal mini massager

Camelia

Presentation

Camelia is small, compact and discreet but powerful! Floravi's mini massager is a must have accessory that you can bring with you everywhere. Camelia is rechargeable, splash proof resistant and easy to use. Camelia has a length of 80mm and a diameter of 20mm. Exploring pleasure has never been so easy.

How To Use

- **Step 1**
To activate the vibration, press the button for 3 seconds: the light will turn on and the vibration will engage in its first mode.
- **Step 2**
To navigate between the 7 vibration modes, make a quick click on the button: the first 3 modes are constant and decreasing vibrations, while the other 4 are pulsating modes.
- **Step 3**
To turn off the massager, press and hold the button for 3 seconds or until the massager turns off.

Benefits

The use of Floravi massagers has many advantages:

- It allows to familiarise yourself with the type of stimulation that accentuates your pleasure and maximize your well-being.
- Counter the effects of anorgasmia or the difficulty of getting orgasms
- Counter certain effects of menopause
- Allow the production of substances beneficial for health such as endorphins and oxytocin
- Helps increase desire
- Explore sensations with a partner

Maintenance

It is recommended to properly clean the mini massager before and after each usage by using a specialized cleaner such as Floravi Steri-clean. Always store your personal accessory in its original packaging or in a place protected from dust and at room temperature.
