

## CBB | TIPPER TALK

TIPPER TALK CBB MONTHLY NEWSLETTER | MARCH 2024 |

Greetings from Tipper Talk! We're thrilled to present another edition overflowing with fresh updates, noteworthy news, and invaluable insights straight from the core of CBB. This March, we delve into the significance of utilising OEM parts, provide NHVR updates, take a glimpse at the latest build, and feature our tipper of the month.

This year is going fast, so if you're contemplating your next build, it's time to have that conversation and secure your spot! Spots are filling up fast, so don't miss out! Simply email [sales@chrisbodybuilders.com.au](mailto:sales@chrisbodybuilders.com.au) or call our Sales team on 03 9311 6124 to lock in your spot for your next build!

## LATEST NEWS

### NHVR ENHANCES CONSTRUCTION SECTOR SAFETY

#### Strengthening Safety Standards: NHVR's Targeted On-Road Operation in the Construction Sector

The NHVR is launching a targeted on-road operation to enhance safety in the construction sector by focusing on mechanical compliance and load regulations for heavy vehicles. Led by NHVR COO Paul Salvati, the initiative aims to educate operators and drivers on safety risks and practices. Salvati emphasises the importance of daily vehicle checks and adherence to regulatory standards. While past operations have shown areas of compliance, mechanical safety remains a concern. NHVR urges stakeholders to prioritize safety measures to mitigate risks in the construction industry.

### WHAT'S THE MOST RECENT UPDATE ON THE NATIONAL NETWORK MAP?

#### Enhanced Functionality and Expanded Coverage: NHVR's National Network Map Milestone

The NHVR's National Network Map has processed its 500th update request since launch, serving as the go-to resource for the heavy vehicle industry to plan cross-border journeys. These updates, addressing proposed network changes, were mainly managed by NHVR but are now increasingly handled by jurisdictions. The map now includes Victorian height clearance data and will soon feature Queensland flood data as additional layers. Rail level crossing information sourced from OpenStreetMap is also available across all states. Explore the map now.

## SPARE PARTS

100% GENUINE CBB OEM GENUINE PARTS

#### Secure top performance and keep your Trailer 100% genuine with CBB OEM Genuine Parts.

This month, we are highlighting the crucial importance of utilising **CBB Original Equipment Manufacturer (OEM) parts** for maintaining your CBB unit. Ensuring that your CBB unit is equipped with OEM parts is not just about performance and longevity; it's also about safety. We have seen cases where individuals resort to do-it-yourself fixes with non-OEM parts, mistakenly believing it to be a quick fix. However, this approach can pose significant safety risks and lead to unforeseen complications.

At CBB, we prioritise safety alongside performance. Our Spare Parts Shop offers a comprehensive inventory, ranging from couplings to lights and everything in between. All our parts are either sourced directly from trusted manufacturers or built in house. By opting for OEM parts from us, you're not only investing in superior quality and reliability but also ensuring the safety of your equipment and those operating it.

To guarantee authenticity and quality, always look for the CBB OEM Stamp when purchasing products. This stamp serves as a seal of approval, indicating that the part meets our stringent standards for performance and safety. Additionally, we offer the convenience of online purchasing, allowing you to browse and buy parts from our website and have them shipped directly to you Australia Wide.

If you can't find what you are looking for, please feel free to call the experts at 9311 6124. Our knowledgeable team is here to assist you in finding the right parts for your needs. With over four decades of experience, CBB stands as a beacon of excellence in the industry, committed to delivering products that meet the highest safety standards. Trust in CBB to safeguard the integrity and safety of your equipment, ensuring smooth operations and peace of mind.
