

Saugaat by Bikanervala

Saugaat, meaning gift in Hindi, is a by-order-only mithai gifting boutique by the House of Bikanervala, launched in 2019 to cater to the evolving tastes of all those who appreciate both innovation and tradition.

Each bite is a revelation, each piece a work of art; and it all comes packaged in carefully curated boxes that elevate the experience of gifting and receiving through the craft of packaging design.

The ethos of Saugaat is seeped in the Bikanervala family's history of offering only the best sweets and savouries made with the purest ingredients.

Saugaat aims to change the way we define, consume, and appreciate mithai through long-established techniques married with innovative flavours and ingredients.

Our Creations

The incredible selection of mithai that we have put together, with the help of an expert team, is like nothing else out there. While each one of them looks luxe and international, the soul is earthy and traditional. That's what's unique about Saugaat.
