*For Immediate Release:*

**Joe Exotic to President Biden and Vice President Harris**

President Biden and Vice President Harris,

Happy Holidays.

I know you know who I am because Vice President Harris posted on her twitter for everyone to go watch Tiger King.

Yes, my name is Joseph Maldonado aka Joe Exotic, and I am an innocent political prisoner of yours in America's federal prison system. I am a political prisoner all for the Big Cat Safety Act which Vice President Harris bragged about sponsoring.

You want to know why you all lost the election in 2024?

Let me begin by explaining to you the millions of people in this country are tired of the system being used against them for a personal agenda and the hate that your administration promotes.

To put me in prison the Department of Justice used a group of criminals to lie under oath and testify against me all while the U.S. Attorneys, FBI agents and Federal Wildlife Service agents knew they were lying and committing horrible crimes at the same time.

But finally, the press is now reporting and exposing what really happened with my case. And how the government created this crime I am in prison just to pass the Big Cat Safety Act.

However, the criminals you used to put me here to this day walk free and continue to abuse innocent people to get what they want.

Before my arrest I raised my ex-boyfriend's daughter from the time she was born until my arrest when she was 3 years old. I spent every day with this little girl teaching her how to love animals and respect others.

I want you to listen to this phone recording that my attorney John M. Phillips obtained of the very people you allowed to walk free from crimes they were committing and listen to them abuse this innocent 3-year-old child.

Not only do they abuse this child but they had the nerve to record it so they could show all their friends just how sick they really are. <https://youtu.be/7Eta7KUyhcy?feature=shared>

Homophobia and racist people like Jeff and Lauren Lowe taunting a 3 year old child about her father and his sexuality is unbelievable.

If you don't think that is enough listen to the phone recording obtained by my attorney about the fighting and admitting to rape <https://youtu.be/B-kZXnhb3Co?feature=shared>

That was all going on at the zoo, which is why they had to shut me up before I exposed it all.

President Biden, I am on appeal right now with all the video depositions of every witness that testified at my trial admitting to perjury and Allen Glover even goes one step further and admits their plot was to kill me if they couldn't get me in prison.

Is this the system you want to leave behind as your legacy?

Keeping an innocent man in prison so a small group of people can continue to abuse 3-year-old kids and make fun of black gay people?

Is this the end of what your administration stands for? Or will you find it within your power to make it right and allow me to go home based on the evidence of my case that I am innocent and have served 7 years for nothing.

At this link <https://floridajustice.com/justice-for-joe/> you will find every video deposition and a full complaint that my attorney John M Phillips filed with the U.S. Attorney General with the evidence that the government witnesses were committing sex trafficking, rape, bank fraud, identity theft and it was all covered up by a hand full of corrupt Federal Agents.

This is what America sees your party as right now.

A corrupt system failing the American people so criminals can continue to take over America while hard working innocent people pay the price.

Merry Christmas,

Joseph Maldonado
