*For Immediate Release:*

**Joe Exotic letter to Donald Trump Jr.**

Donald Trump Jr.,

I would like to thank you for your continued support and congratulate your father on becoming the 47th President.

You have been an advocate of mine for a pardon since this nightmare started in 2020 when a small group of criminals got together with a corrupt tv producer that had only one agenda. That agenda was to support the animal rights groups and produce a hit piece called Tiger King.

Tiger King was driven by the Big Cat Safety Act so only two organizations in America could profit from having them- the Association of Zoos and Aquariums (former director of the Federal Fish and Wildlife Service Dan Ash) and the Global Federation of Animal Sanctuaries (Carole Baskin).

Something must be done about special interest groups being able to buy off federal agents and produce such hit pieces as Tiger King to get laws passed to monopolize certain things.

Just to prove my point about the Tiger King agenda: Saff, the girl that lost her arm by a tiger at my zoo should have been interviewed in front of a tiger cage to push the idea that it was not the tigers' fault and how more conservation should be put behind protecting tigers in the wild.

***However, it wasn't about helping tigers.***

They interviewed Saff in a junk yard so the viewers would think my zoo looked like this to help pass the BCSA. And who the hell interviews a hired hitman in a bathtub?

The whole show was set up to make people think exotic animal owners are batshit crazy.

Animal owners are no different and a whole lot more trustworthy than most politicians- or the animals would hate us.

Donald, everyone that testified against me has admitted to perjury and confessed that they had a plot to kill me.

Please take 10 minutes out of your busy life to watch their video confessions and then take 5 minutes to speak to your father President Trump.

Please explain that I have lost 7 years of my life, my parents, and my life's work.

7 years is enough for some animal rights agenda to monopolize big cats. It is time to allow me to go home on January 21, 2025.

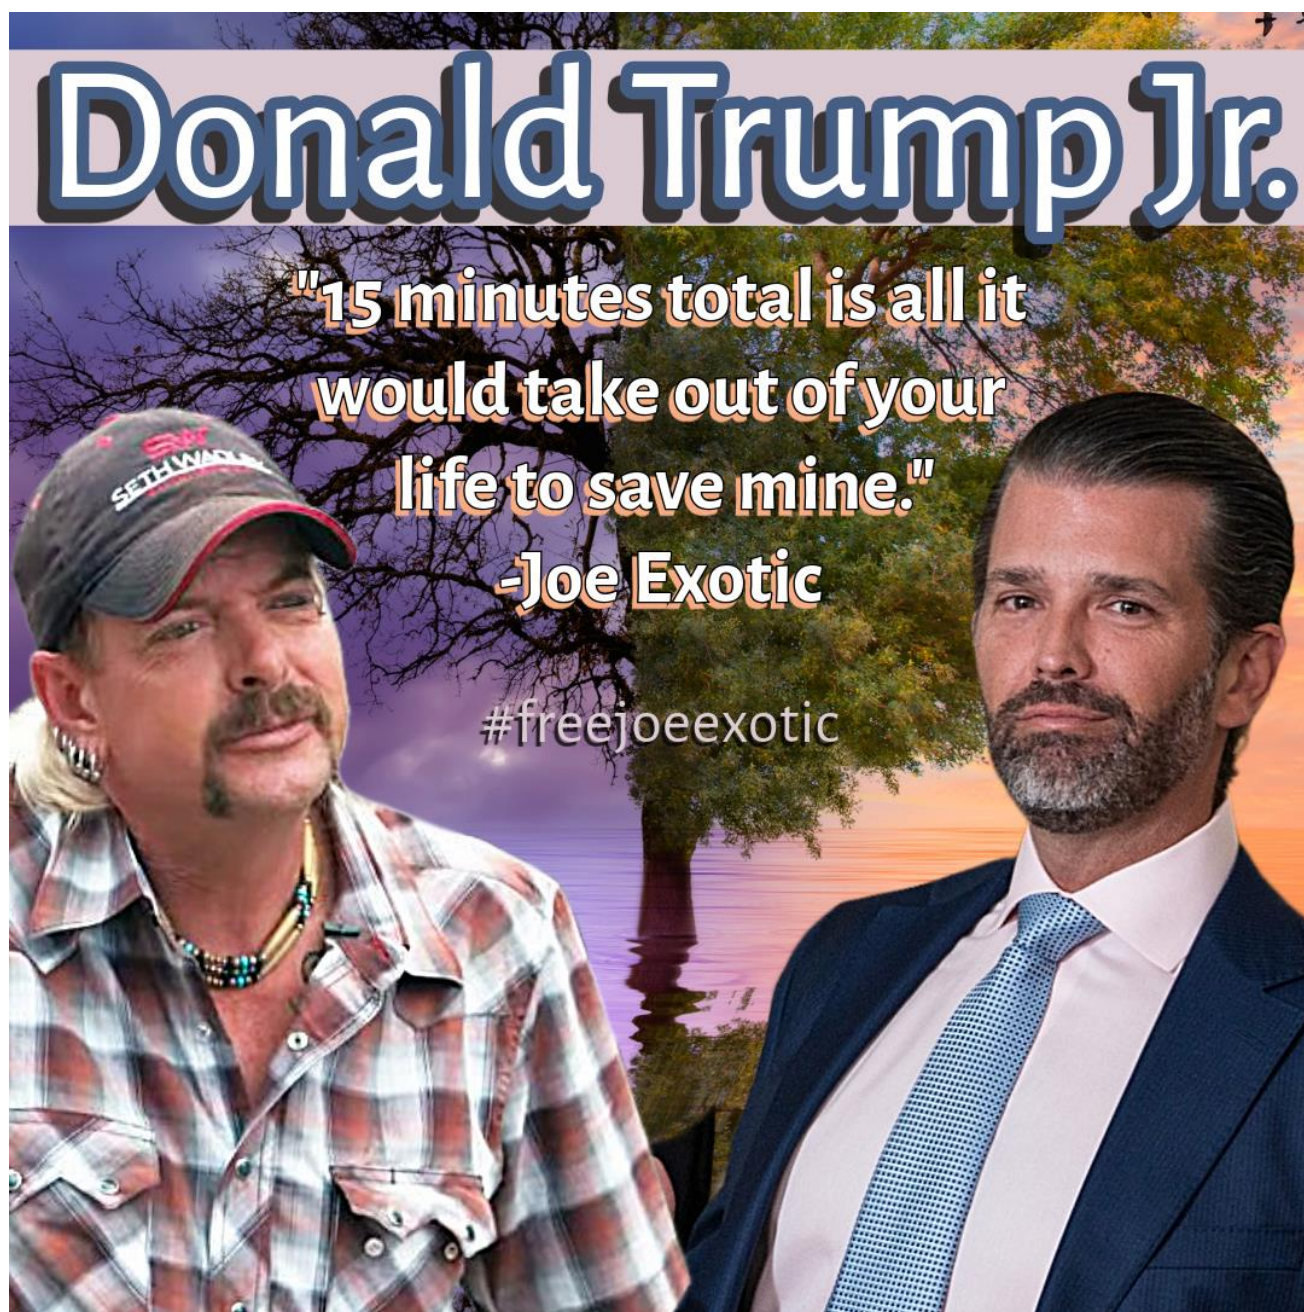

Most everyone has children and there is a chance that they too will get caught up in this slow corrupt system and the wrongs that have been done to me and so many others need to be corrected.

15 minutes total is all it would take out of your life to save mine.

Respectfully,

Joseph Maldonado
