MAILING INSTRUCTIONS

Step 1

Gather the items you have outlined in your order. Wrap them individually in newspaper or bubble wrap. It's best to wrap them diagonally, fold the ends over, and then tape them. Pack the wrapped items in the box you have chosen on the order form using packing materials so that your items fit snug in the box and do not move around.

Step 2

Before you close up the box make sure to include the Order Form and Payment Information. Close and tape up the box in preparation for shipping.

Step 3

Affix the shipping label, provided below, to the box and have the postal service pick it up or take it to the Post Office. *Note: if you choose to use USPS, priority packages are covered up to \$50.00 of insured value and include tracking. Should you need more coverage, please purchase additional coverage at the USPS.

Step 4

As soon as we receive your package we'll confirm with an email. Most items are sharpened and shipped back out within 48-hours. You will receive an email with tracking information when your items have been shipped out. If any issues arise that would prohibit us from our normal turnaround time of 48-hours you'll be notified by email.
