POLY FURNITURE | 2024

Lanai Deep Seating Sofa & Chair
in Black with Canvas Cushions

More Color Options & Dimensions on Page 82

Enjoy season after season of
comfort and style with LuxCraft
design and craftsmanship.

SATISFACTION

LuxCraft Poly Furniture is low-maintenance and can remain outside all year round. Spend your time enjoying your patio and deck furniture, not repairing or staining it.

ASSURANCE

LuxCraft furniture comes with a residential lifetime limited warranty or a commercial 5-year limited warranty covering any defective product or part.

QUALITY

Our craftsmen never cut corners. We reinforce our swings, gliders, and benches with aluminum angle braces.

We make our own heavy-duty swivels and assemble all of our products with 316-grade stainless steel hardware.

Our porch swings come with a stainless steel chain rated at 800 pounds per side.

ENVIRONMENTALLY FRIENDLY

LuxCraft Poly is made of high-density polyethylene (HDPE), a recyclable plastic derived from post-industrial waste such as milk and detergent bottles. This material is cleaned in a decontamination process to a **purity level of over 99% HDPE**, then compounded into solid board stock material. The resulting product **contains over 90% recycled post-industrial waste** by weight.

ESSENTIALLY MAINTENANCE-FREE

Our furniture requires no waterproofing, staining, or recurring maintenance other than an occasional washing with soap and water or our **Poly Furniture Cleaning Kit**.

ASSEMBLED WITH STAINLESS STEEL

All LuxCraft products are assembled with **316-grade stainless steel hardware** for optimum durability. Stainless steel is corrosion and stain resistant, which ensures its brilliant shine will last for years to come with very little maintenance.

EXCEPTIONALLY FADE-RESISTANT

We use **only high color stability UV pigment systems**, which minimize material breakdown from prolonged sun and weather exposure.

DURABLE AND LONG-LASTING

LuxCraft Poly is highly resistant to **moisture, insects, splintering, warping**, and other hazards of environmental exposure common to wood or wood fiber composite products.
