Certificate of Approval

DIVISION OF
MEASUREMENT STANDARDS

FOR WEIGHTS AND MEASURES

SUBMITTED BY

Hialeah Meter Company
441 West 28th Street
Hialeah, Florida 33010

THIS CERTIFIES that the WEIGHING and/or MEASURING DEVICE designated below has been inspected and found to comply with the "Tolerances and Specifications," as adopted by the State of California, applicable to this particular device.

- . HIA-MF, HIA-MK, HIA-MQ, and HIA-MS (originally Duncan Meters)
- . HIA-I30, HIA-I50, HIA-I55, HIA-I60, HIA-I70, and HIA-V6 (originally G.E. Meters)
- . HIA-J, HIA-J2, HIA-J3, and HIA-J4 (originally Sangamo Meters)
- . HIA-C, HIA-D and HIA-D2 (except Serial Numbers 30,000,000 to 39,999,999), HIA-D3, and HIA-D4 (originally Westinghouse Meters)

This approval includes all classes of meters manufactured within each type listed above in either a socket or "A" base configuration.

- Note: 1. Meters rebuilt and sold under previous type approvals which are to be cancelled by this approval, and installed prior to July 1, 1979, may be continued in service unless or until condemned for failure to meet applicable tolerances and specifications.
2. All type approvals which have been previously issued to Hialeah Meter Company are hereby cancelled effective July 1, 1979.

SUBMITTED BY

Hialeah Meter Company
453 West 28th Street
Hialeah, Florida 33010

THIS CERTIFIES that the WEIGHING and/or MEASURING DEVICE designated below has been inspected and found to comply with the "Tolerances and Specifications," as adopted by the State of California, applicable to this particular device.

HIALEAH METER MODELS HIA-V6A and HIA-V6S

Example:	<u>Amps</u>	<u>Volts</u>	<u>Wires</u>	<u>Kh</u>	<u>Rr</u>	<u>Register Dials</u>	<u>Register Multiple</u>
	15	240	4	7.2	13 8/9	5	1

Notes: The four wire delta, three phase meter listed here has a 400% overload factor of the name plate ampere rating.

The letter "S" in the model number denotes socket type connections while the letter "A" denotes pin type connections. Meters of this type may be obtained in either the socket or "A" base configuration.
