

## WASTE TERRAZZO TABLE

Our Waste Terrazzo Coffee Table's are handmade entirely from construction waste in our Brisbane studio. Each unique terrazzo concrete surface rests on a base of blackened reclaimed steel. Handmade and individually unique, these tables are suitable for use as a side table or coffee table, inside and out.

## MANUFACTURING INFO

Our workshop team collects wet excess concrete from building sites, mixes in chipped tiles, bricks or stone and pours the mix into our reusable moulds. Upon curing, each surface is hand-ground to a smooth terrazzo finish.

We collect steel offcuts from the concrete industry to weld our table bases, blackening the surface to prevent future rust.

## SUPPLY CHAIN INFO

Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed do eiusmod tempor incididunt ut labore et dolore magna aliqua. Ut enim ad minim veniam, quis nostrud exercitation ullamco laboris nisi ut aliquip ex ea commodo consequat. Duis aute irure dolor in reprehenderit in voluptate velit esse cillum dolore eu fugiat nulla pariatur.
