

**Thank you
for being
my friend!**

Yours,

What is your favorite food? What do you like to do in your free time? What songs do you like to listen to? What books do you like to read? What do you want to be when you grow up?

Get your My Friends and I book, a one-of-a-kind "friends book" for children ages 5-12.

Answer the questions yourself and pass it on to family members, friends, classmates, teachers, coaches, your nanny, or any other person in your life!
