Base Blind Corner Assembly Guide

MODULAR CABINET SYSTEMS
100% --- CANADIAN MADE

Inspect the Product

A friendly reminder to unwrap and inspect your Kitch products before assembly and installation. You may find a blemish, but no sweat! Our KitchBOX parts are universal, so just rotate the blemish toward the back of your cabinet.

If a remake is required, please take photos of any damages along with the label on the piece and email them to hello@mykitch.ca. We'll review and advise what the next steps will be for you. **You have 15 DAYS from receiving your products to report these to us.**

Tools Required

- Rubber Deadblow hammer or mallet.
- Cordless drill with adjustable torque setting.
- Kitch Assembly Tool.
 - *Recommended drill settings:* low speed, with torque setting at 50% of capacity, maximum torque of 2.5Nm (1.8ft. lbs).
- #2 Robertson (square drive) screwdriver or screwdriver bit.
- *Hardware needed:*

Step 1

Attach the leg bases to the Bottom (KPBO).

NOTE: If you are NOT using the Kitch leg system, please ignore this step.

Step 2

Attach the Bottom (KPBO) to the side Gable (KPGA) using the **Kitch Assembly Tool**.

Hardware needed:

0

Step 3

Attach the Back (KPBA) to the side Gable (KPGA), then, tighten the bottom fixings to the back.

Step 4

Attach the Top Stretcher (KPST) to the side Gable (KPGA).

Step 5

Attach the remaining side Gable (KPGA) to the box.

Step 6

Attach the legs to the Base.

NOTE: If you are NOT using the Kitch leg system, please ignore this step.

Step 7

TWO-TIERED CAROUSEL

Follow the instructions supplied with the hardware or [click here](#) to install the pull-out unit.

Helpful hint: we've done all the drilling for you, so ignore any steps on the pull-out guide instructing the use of a drill.

Step 7

ADJUSTABLE SHELF

Insert the **Adjustable Shelf Pins** into the desired height location, then, place the Shelf (KPAS) on top of the pins.

Hardware needed:

5

Step 8

Attach the hinge plates to the Blind Panel (KPBP).

Helpful hint: the arrow on the hinge plate points in the direction that the hinge will attach to the door.

Step 9

Attach the Blind Panel (KPBP) to the cabinet box.

Step 10

Attach the Blind Corner hinges to the Door (KPDO) and insert the bumpers.

Hardware needed:

6

Step 11

Attach the Door (KPDO) onto the hinge plate on the Blind Panel (KPBP) and click into place. Adjust the door as required.

Note: the pull-out unit has been removed for demonstrative purposes.

HINGE ADJUSTMENT

Step 12

Your Kitch Base Blind Corner Cabinet is now ready to be installed.
