

RACK 'n' ROLL

THE PELI[™] V-SERIES RACK MOUNT CASES

INTRODUCING THE PELI™ V-SERIES

THE OFF-THE-SHELF RACK MOUNT CASE WITH PRO-GRADE FEATURES

Gearing up for an event? Now you can get pro-grade rack mount cases straight away.

The Peli V-Series Cases are the perfect companion for the music, AV, entertainment, news and drones industry.

Peli V-Series Cases are built utilising a full-boxed 482mm steel rack with an industry-standard square hole pattern, so hanging electronics with tab mounts is a snap.

These cases also include clip nuts – just attach the clip nut onto a square hole and you’ve got a secure, threaded mount.

VIBRATION IS YOUR ENEMY

Drops and impact are an obvious no-no with electronics, but vibration puts damaging repetitive stress on delicate parts and soldered joints. That’s why you’ll find 8 heavy duty rubber shock mounts to isolate the frame inside the shell.

The polymer outer shell absorbs impacts, and the shock mount inside dissipates residual movement. Rack mount cases without shock mounts transfer impact forces directly to the electronics inside.

CLASSIC-V vs SUPER-V

What's the difference?

We've drawn on decades of rack mount case experience to produce two tiers of performance.

The Peli Classic-V Series has a 838mm depth frame and has longer shock mounts and a larger sway space between the rack and shell. This case also has 4 removable heavy-duty casters and stainless steel handles. Extra insurance if your equipment frequently ships via freight services.

The Peli Super-V Series has a 610mm deep frame and uses shorter shock mounts for compact case dimensions.

This case uses edge casters – just grab the Comfort-Grip Handles and you're ready to roll.

SHARED FEATURES

All Peli Classic-V and Super-V Series are rated for equipment loads up to 77kg. Mating columnar ribs create a rigid shell and also provide secure stacking of same-size cases.

You'll also find a manual purge valve, so air pressure in the case can be equalised to the atmosphere. This prevents vacuum-lock that can make opening the case

difficult. Lids include a fully sealed O-ring gasket that works with the purge valve to make the case fully watertight.

These features may seem extraordinary, but we've learned that water and electronics don't mix.

PELI™ CLASSIC-V RACK MOUNT CASE

Heavy duty spring loaded handles lay flat and snap back in place after use

4 Removable heavy duty bottom casters

PELI™ SUPER-V RACK MOUNT CASE

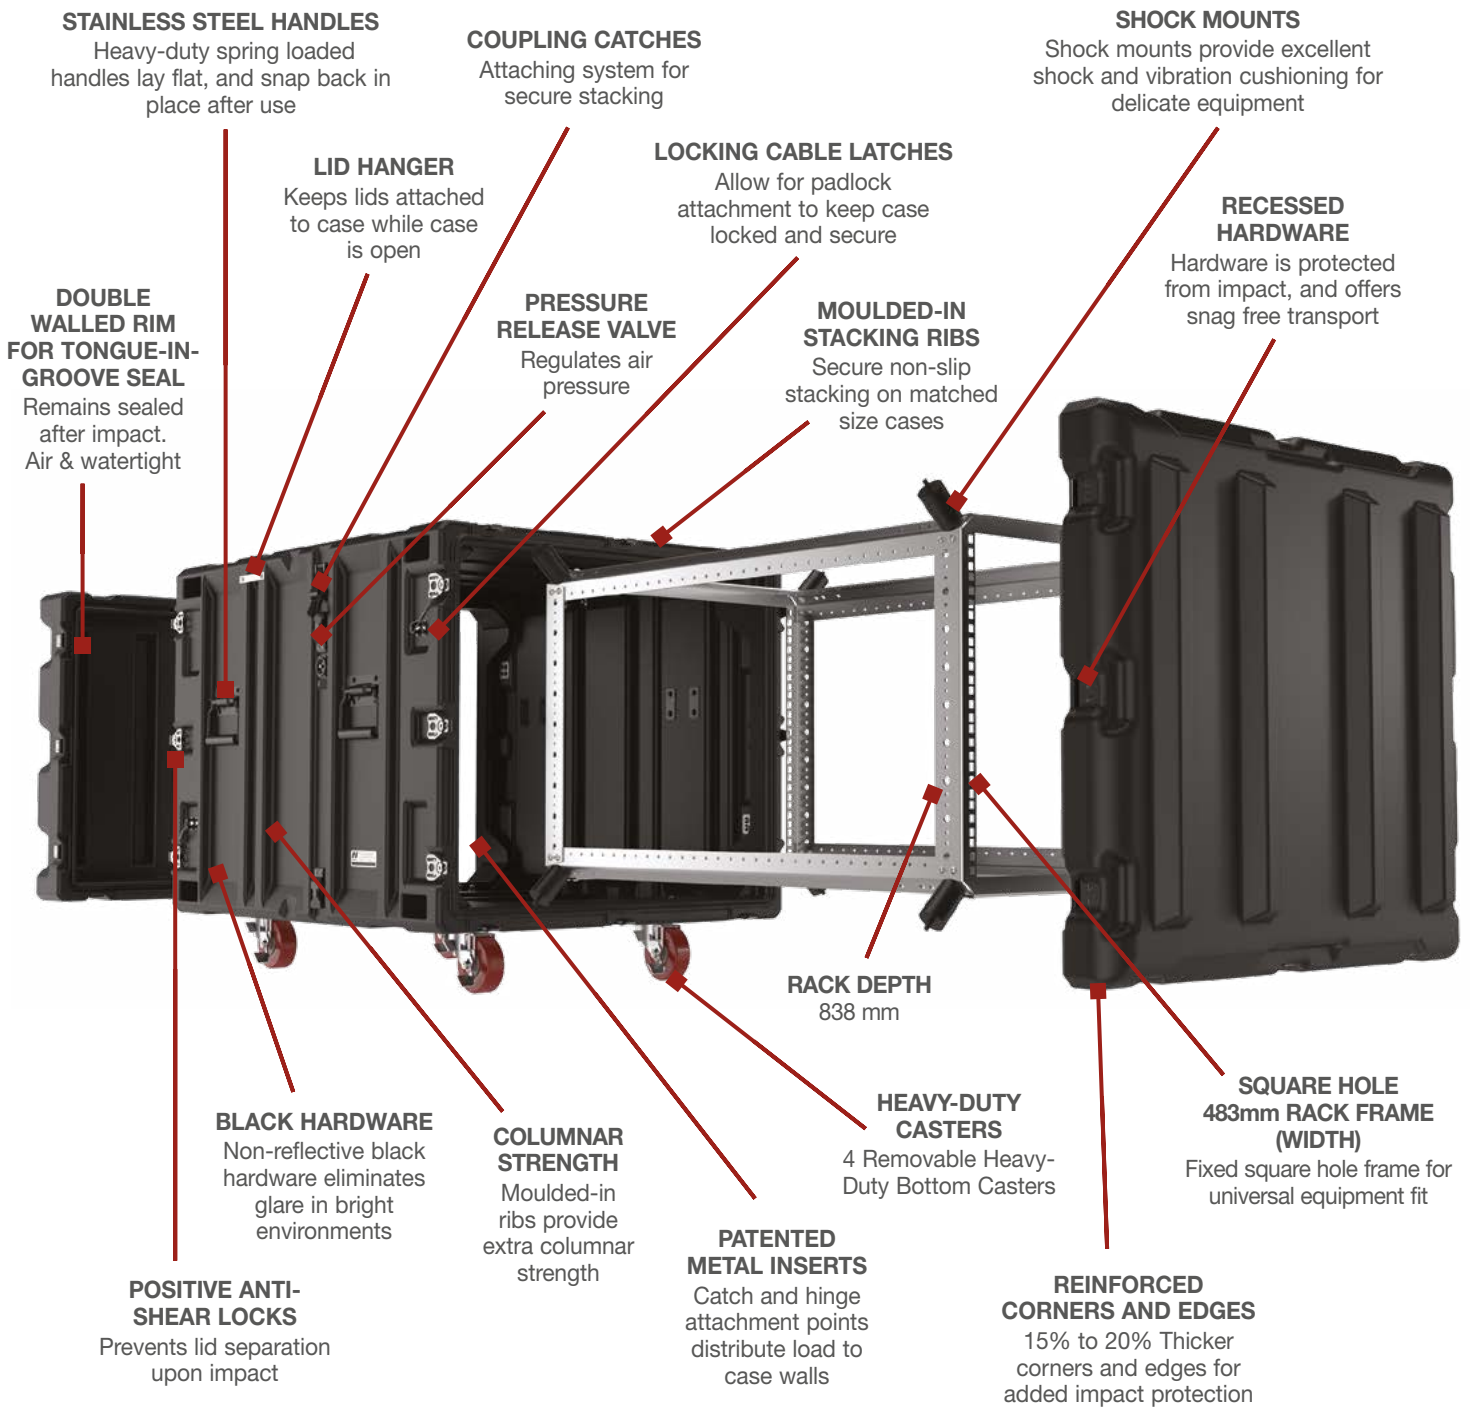

Moulded Comfort Grip Handles are easy to use with gloves

Moulded in edge casters are always ready to go and allow case stacking without removing casters

PELI™ CLASSIC-V RACK MOUNT CASE

FOR ULTRA FRAGILE EQUIPMENT

STAINLESS STEEL HANDLES

Heavy-duty spring loaded handles lay flat, and snap back in place after use

COUPLING CATCHES

Attaching system for secure stacking

SHOCK MOUNTS

Shock mounts provide excellent shock and vibration cushioning for delicate equipment

LID HANGER

Keeps lids attached to case while case is open

LOCKING CABLE LATCHES

Allow for padlock attachment to keep case locked and secure

RECESSED HARDWARE

Hardware is protected from impact, and offers snag free transport

DOUBLE WALLED RIM FOR TONGUE-IN-GROOVE SEAL

Remains sealed after impact. Air & watertight

PRESSURE RELEASE VALVE

Regulates air pressure

MOULDED-IN STACKING RIBS

Secure non-slip stacking on matched size cases

BLACK HARDWARE

Non-reflective black hardware eliminates glare in bright environments

COLUMNAR STRENGTH

Moulded-in ribs provide extra columnar strength

RACK DEPTH
838 mm

HEAVY-DUTY CASTERS

4 Removable Heavy-Duty Bottom Casters

SQUARE HOLE
483mm RACK FRAME
(WIDTH)

Fixed square hole frame for universal equipment fit

POSITIVE ANTI-SHEAR LOCKS

Prevents lid separation upon impact

PATENTED METAL INSERTS

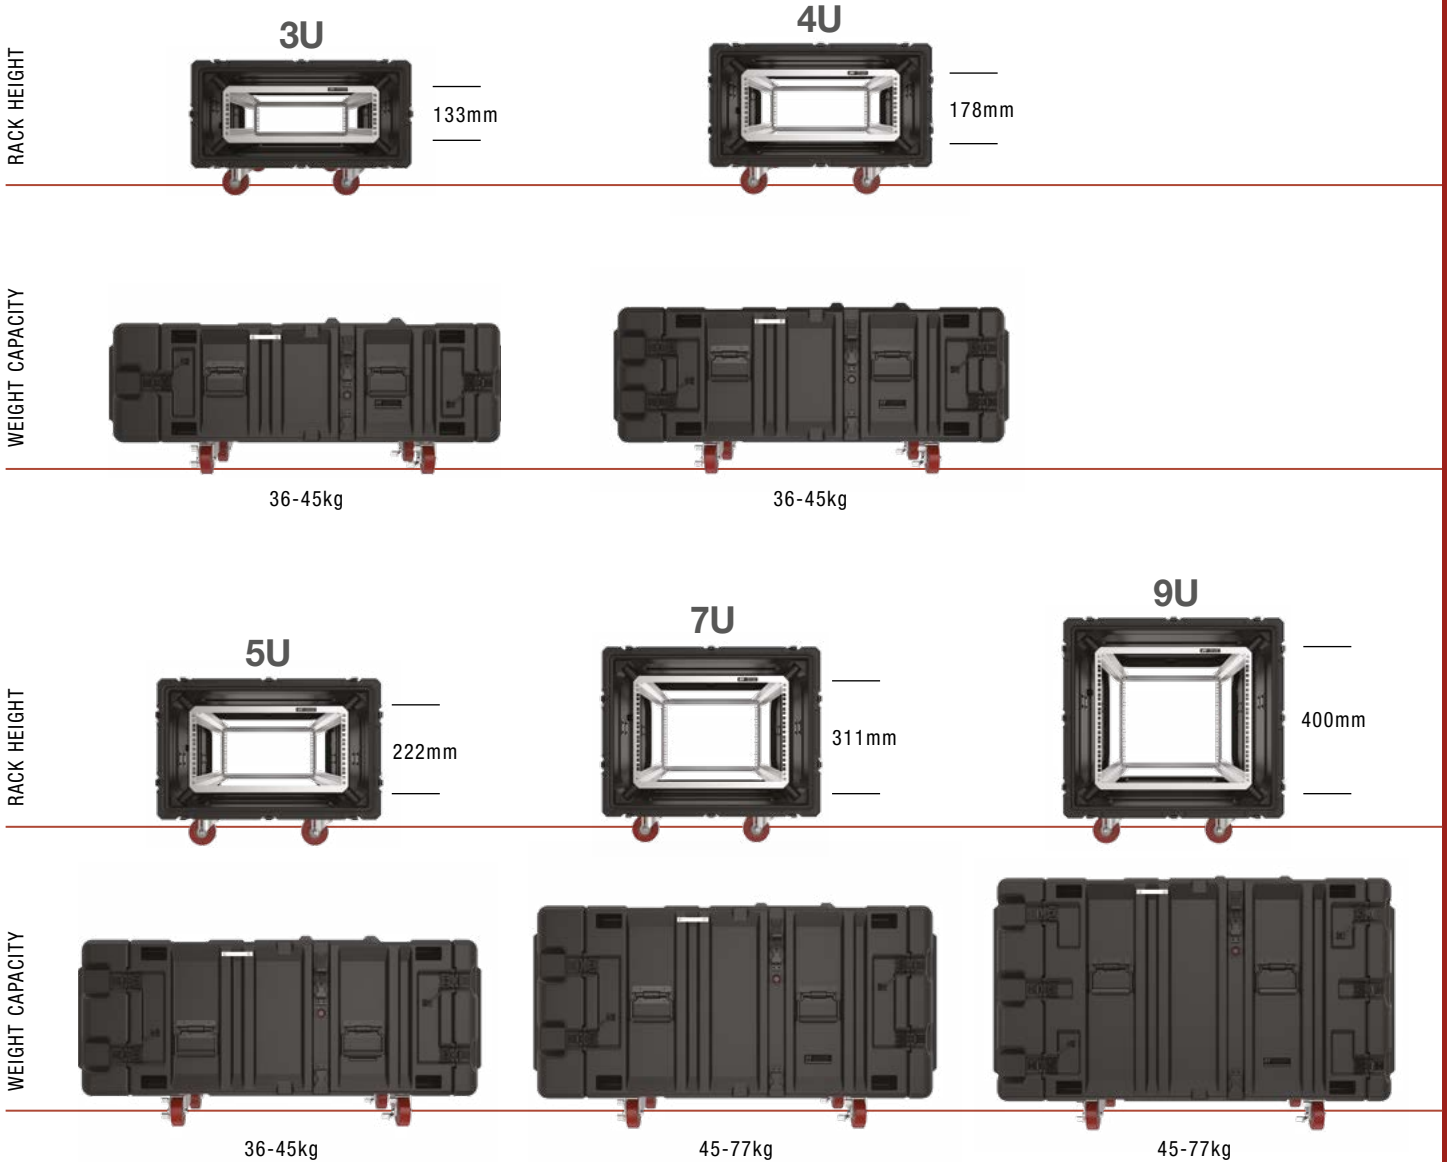

Catch and hinge attachment points distribute load to case walls

REINFORCED CORNERS AND EDGES

15% to 20% Thicker corners and edges for added impact protection

PELI™
PROTECTOR CASES

And of course, the market leading Peli Protector Cases offering total equipment protection.

PELI™
AREA LIGHTING

Peli Area Lights are the ultimate maintenance free portable lighting solution. Silent running, these units give instant, rechargeable illumination.

PELI™
TORCHES

Peli UK also offer the full range of Peli Torches including headtorches using the latest LED technology.

PELI™
AIR CASES

Now lightweight Peli Air cases have arrived....
