ACCESSORIES

Vanhunks was a Dutch pirate and explorer extraordinaire. Legend has it he retired to the Cape of Good Hope near the tip of Africa to smoke his days away on a mountain overlooking the ocean. Old Vanhunks had an encounter with a stranger dressed in a black coat and a wide-brimmed hat. The stranger turned out to be the Devil, and Vanhunks was challenged to a smoking duel to see who could smoke the other into a stupor.

Everyone knew that no one could out smoke old Vanhunks.

But the Devil, he tried. He tried with all his might to puff and drag his opponent to waste. But Vanhunks beat the Devil that day. And the Devil was a devilishly lousy loser. Losing made him furious. So he summoned up tremendous thunderbolts and frightening lightning and drove Vanhunks off into the tempestuous sunset.

Old Vanhunks was never seen again, but the puffy clouds of his billowing smoke fest return to that mountain now and again when the kite wind blows, and his legend lives on in quite a poignant way.

His legend also lives on in what we do. His competitive spirit, and his pursuit of victory over the elements, and triumph over challenges – those qualities drive what we do at Vanhunks Boarding every day.

Like our namesake, Vanhunks Boarding doesn't take a challenge lying down either. We prefer it standing up on a SUP or a Twin Tip, whipping us through the sky.

**WE WANT
YOU TO LIVE

THE XPE SOFT SUP

YOGA OR FLATWATER CRUISER

TECHNICAL SPECIFICATIONS

LENGTH	10'8
WIDTH	30 7/10"
HEIGHT	5 1/2"
VOLUME	225 L

OTHER

- EVA DECK PAD
- EPS FOAM CONSTRUCTION
- BUILT-IN CARRY HANDLE
- SINGLE FIN SET UP

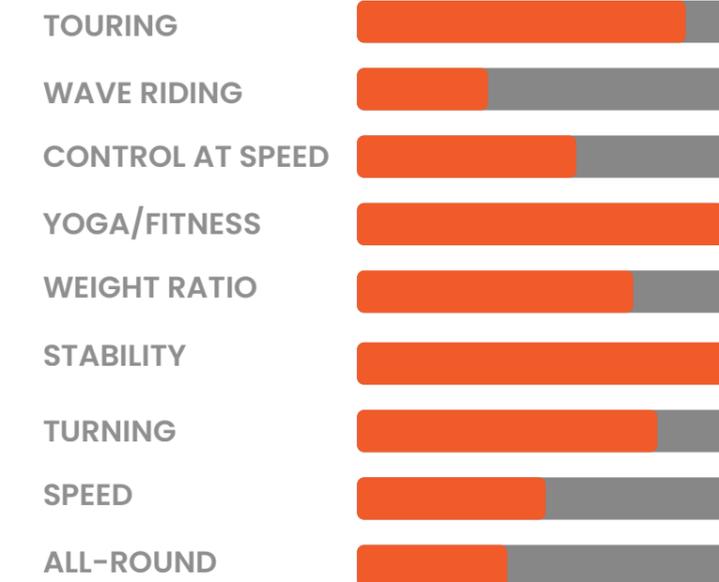

The design features a soft top and a slick bottom construction. The deck area provides a superior grip to ensure mastering this board in no time. The soft, smooth bottom and flex fins provide safety to the rider and other people in the water.

You will not win a Big Wave competition with this board, but you will have hours of endless fun. The ideal board for beginners, schools, hotels, rivers, and lakes. The perfect family travel companion.

It is ideally suited for paddling on lakes and flat water. However, the Vanhunks Soft SUP is also loads of fun in small surf. The relaxed rocker allows the board to make smooth directional changes with minimal effort. The Vanhunks Soft SUP provides the ultimate in stand-up-paddleboard fun and safety for the first-time riders through to paddle enthusiasts.

With an emphasis on keeping you safe and durability, the Vanhunks SUP has an XPE deck and a soft HDPE slick skin on the bottom. Tough enough to take a beating, yet is soft enough to keep the rider safe in the event of an impact. The secret to the performance of the Vanhunks entry-level SUP lies within the core. Plywood stringers maintain the board's stiffness and structural integrity and allow the rider to accelerate quickly with only a few strokes. The generous amount of volume and width make this SUP incredibly buoyant, stable, and very comfortable paddle.

VANHUNKS SOFT TOP IS AN ENTRY-LEVEL BOARD, DESIGNED FOR FLAT WATER, YOGA, CRUISING, AND SMALL SURF.

OTHER

- EVA DECK PAD
- FRONT BUNGEE
- THRUSTER FIN SET UP
- INFLATE AND DEFLATE VALVE

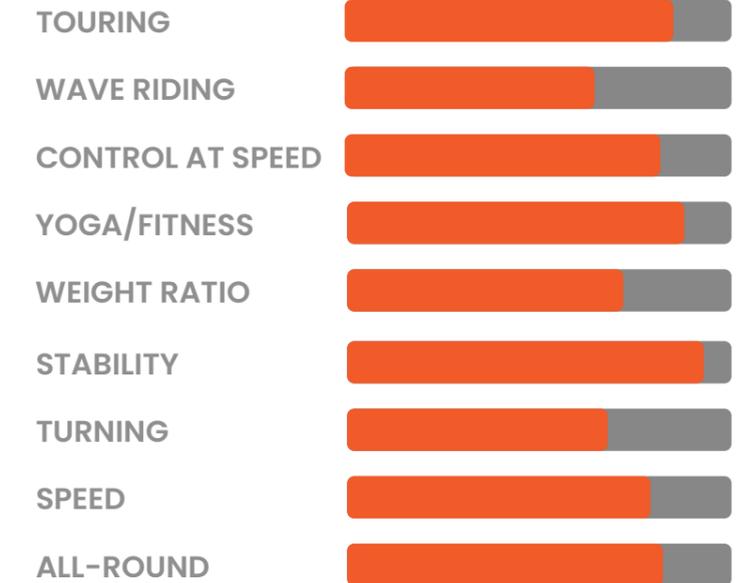

The inflatable Impi stand up paddle board is an all-rounder cruising and wave sup that is handy when you're on the go and short on space for transporting and storage.

Unpack your Impi inflatable SUP from its backpack, pump up your stand up paddle board, head out for a fun time on the water, and when done, deflate with the two-way pump it comes with, roll your stand up paddle board up, pack in the bag put it in the trunk and head off to your next spot, or head home. Store your inflatable stand up paddle board deflated or inflated.

The Vanhunks Impi inflatable stand up paddle board is available in four sizes, with a wider and more compact outline, which will get you up first 'on the plane' with no compromise on stability.

The Impi Inflatable stand up paddle board features a wide outline and a full nose shape for incredible stability and ease of use. Designed for small to average-sized waves, the Impi inflatable stand up paddle board remains a versatile all-rounder. With beginners to advanced riders in mind, the Impi inflatable stand up paddle board is the perfect travel companion.

OTHER

- EVA DECK PAD
- SQUASH TAIL
- THRUSTER OR QUAD FIN SET UP
- SINGLE TO DOUBLE CONCAVE

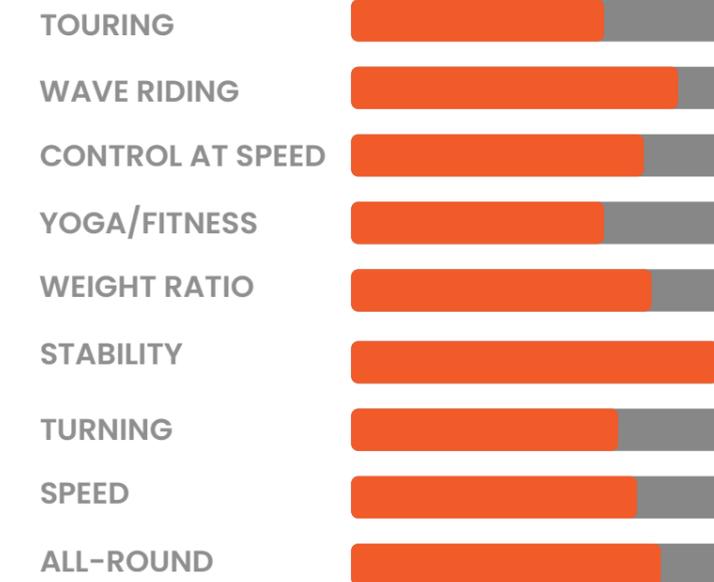

Vanhunks' Impi epoxy stand up paddle board is a firm favorite amongst the crowd due to the Impi's stability, generous volume, and beautiful rail and rocker lines. The Impi stand up paddle board contains a single-to-double concave through the tail and the variable fin setup configuration.

Designed for small to average-sized waves, the Impi stand up paddle board has an increased tail rocker, and the single-to-double concave makes for easy carving down the line. Impi has a wide, stable stand up paddle board design that performs with unbelievable ease in surf conditions.

Impi's volume is in the center of the stand up paddle board, giving you stability in choppy conditions, while Impi's real beauty is in the rail and rocker line. The moment you take off on the wave and shift your weight to the tail of the stand up paddle board, the surf rail takes control for carving. The rails are also tapered which allows good rail to rail response. The double concave through the tail channels the water into two streams through the fins, for a smooth edge-to-edge transition—the combination results in a smooth, well-balanced surf.

Vanhunks Impi is versatile too, with the single-to-double concave making Impi adaptable to everything, even flatwater cruising. Impi is a superb well-rounded board for most riders and delivers versatility you will never outgrow.

ENJOY THE COMFORT OF EASY TRAVELLING WITH YOUR ISUP.

INDUNA SUP

FLATWATER CRUISING AND SMALL SURF

TECHNICAL SPECIFICATIONS

SIZES: 10'6 x 32" x 4'75
MAX WEIGHT CAPACITY: 120 KG / 265 LBS
VOLUME: 200 L

OTHER

EVA DECK PAD
 SQUASH TAIL
 SINGLE FIN SET UP
 ROUNDED NOSE

The Induna Stand up Paddle Board has a fresh new look and design in the Vanhunks SUP family. We've made sure the Induna maintains its position as the most stable board in our range. The generous volume of this board makes it great for flatwater cruising and small surf.

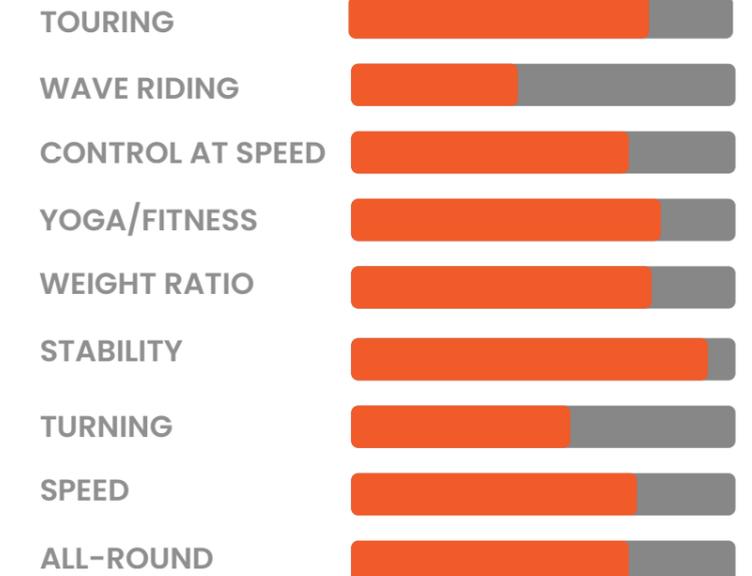

New technology allows us to bring to you a remarkably versatile, strong, durable stand up paddle board to withstand the forces of nature.

Constructed with high-density CNC-shaped EPS foam, fiberglass, and thermoformed polyethylene fused together with ABS and PC ensuring the board is durable. The molded press system provides less weight and a watertight seal.

The Induna SUP board sports a rounded nose, which gives it more surface area. This, in turn, creates more stability and gives a better glide.

With the single fin in place, this board has less drag and gets excellent traction, which allows the board to travel straight for casual paddling, with friends, family, or your furry SUP companion.

A REMARKABLY VERSATILE, STRONG, DURABLE STAND UP PADDLE BOARD TO WITHSTAND THE FORCES OF NATURE.

LIVE YOUR LEGEND.

SUP ACCESSORIES

CARBON ADJUSTABLE SUP PADDLE

Rugged, lightweight, and variable length adjustment, due to the latch system, this paddle can be easily adapted to different heights.

- ABS Blade Protector
- 3K Pre-Preg Carbon
- Secure Grip Handle

FIBERGLASS ADJUSTABLE SUP PADDLE

Robust, lightweight, and variable length adjustment, thanks to the latch system, this paddle can be easily adapted to different heights. The Vanhunks Fiberglass Paddles are an easy and fun way to start SUPing.

FULL CARBON PADDLE

The Vanhunks Carbon Pro is versatile, and top performance is standard in different disciplines from racing, to precision wave riding, to touring.

Embedded inside the Blade is an ABS Rail, which functions as a built-in blade edge protection, for added longevity of your paddle.

* incredibly lightweight

LIVE YOUR LEGEND.

SELF-INFLATING ROOF RACKS

Self-inflatable crossbars for carrying gear and luggage, this system makes for perfect kayak racks, canoe rooftop carriers, surfboard pads, SUP and paddleboard racks, lightweight yet heavy-duty, load capacity of 75 kg (165 lbs).

SUP RAIL SAVER TAPE

Vanhunks SUP Rail Tape protects your board's rails from scratches and chips that may occur while out on the water. Keep your board's rail safe with the Vanhunks SUP Rail Tape.

HEAVY DUTY TIE DOWNS

- Each pack contains two tie down straps, and each strap is 5 meters (16.5 ft long).
- Perfect for securing SUPs, surfboards, kayaks, and surf skis.
- Easy to use.
- Buckle and buckle protector
- Color: Black

SUP TROLLEY

LOOK FORWARD TO A SMOOTH WALK TO THE WATER.

Make your beach day a little more comfortable with the Vanhunks SUP (Stand Up Paddle Board) beach trolley. Place your SUP board (not included) in the U-shaped cradle at your vehicle and pull it over soft or hard beach sand with ease.

- Aluminum frame
- Inflatable balloon-type wheels
- Max capacity 120 kg (265 lbs).

VOLUME	44 L to 67 L

OTHER

ROLLED POLYETHYLENE BUMPER RAIL
SOFT EDGE FLEXIBLE FIN
SLICK BOTTOM

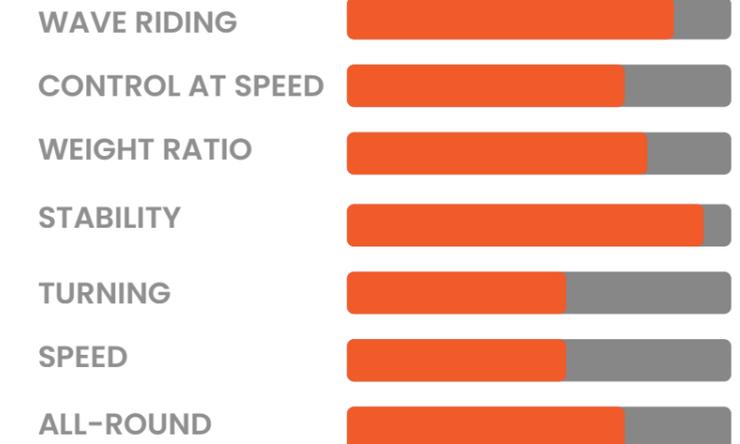

The Vanhunks BamBam is the perfect starter board for aspiring surfers of all ages. Available in 6'0, 7'0, 8'0 the BamBam soft surfboards built to take a beating. The rolled polyethylene bumper rails we've run around the edges of the board to keep you or your child safe while learning to surf.

BamBam's bumper rails mean a softer feel with more forgiving falls, less bruising, and more impact protection. BamBam's bumper rails make it safer for others in the water around you. In the event of a crash or if your board goes flying across the water after you come off of it, these soft surfboards' bumper rails decrease the risk of injury to others while also enhancing shock absorption and buoyancy for you.

The bumpers rails are not only there for protection, but we duplicated the rail of our glass surfboard, to give you a real surf feel with a responsive surfboard under your feet. Surfboard rails run the full length of your surfboard on each side from the nose (or front) to the tail (or end). Surfboard rails are KEY to how the water will move around your surfboard when you are up on the wave.

The Bam bam range also comes equipped with FCS style fins that can easily be upgraded or switched to other FCS style fin models. Constructed with an expanded polystyrene (EPS) blank foam core and reinforced for strength with a triple stringer. A squash tail for steadiness, and a thruster fin setup for grip and maneuverability, we anticipate you're going to be acing small to medium waves with this soft surfboards in no time.

SOFT SURF ARE OUR ENTRY LEVEL SURFBOARDS, DESIGNED TO CATCH YOUR FIRST WAVE WITH EASE.

LIVE YOUR LEGEND.

ADVENTURE COOLERS

OUR COOLERS ARE DESIGNED WITH ADVENTURE IN MIND. WHETHER YOU'RE KAYAKING, SUPING, CAMPING, HEADING TO THE BEACH, OR JUST OFF TO YOUR FRIEND'S PLACE FOR A BARBEQUE, OUR ADVENTURE COOLER IS GOING TO SURPASS WHAT YOU KNOW ABOUT COOLERS.

ADVENTURE COOLER

Vanhunks Coolers are proudly designed, engineered, tooled, perfected, and produced to bring you a premium-quality product. The design of a Vanhunks Coolers and the manufacturing process is to ensure your cooler will last a lifetime.

Vanhunks roto-molded coolers are made with polyethylene plastic resin and filled with 1.5 to 3 inches of high-pressure injected polyurethane foam. This mix maximizes ice-retention for 5 to 10 days, depending on your model! Our Roto-molded Coolers is designed as high-end and embody toughness and durability, tested for quality.
