# Frozen Dessert

# production process

## 1 HEAT-TREATMENT & AGING

## 2 HOMOGENIZATION

## 3 BATCH FREEZING

Create unique and propriety base mixtures.  
Exchange pump and optional overnight aging of mix creates uniform flavor profile.

Strongest and fastest immersion blender on the market. Specifically designed for frozen desserts.

Batch Freeze Ice Cream, Gelato, Water Ice, Sorbet, Frozen Custard & more!

## Frozen Dessert

# production process

### 4 BLAST FREEZING & HARDENING

### 5 DISPLAY

Hardening Cabinets are used to quickly bring down temperature for Ice Cream, Gelato, Frozen cakes and sticks.

With ISA's display cabinets you have the opportunity to display and preserve your gelato or ice cream in the best possible way. ISA works everyday to improve your experience and to bring to the market the most innovative and reliable products in terms of technology and design.

# Ready Line

Available as G version or G TRU-2.  
Modern Carpigiani model with programs for Ice Cream, Gelato, Sorbet, Sherbet, Premium Custard, Water Ice and more...

Dynamic Carpigiani Technology allows you to heat and batch freeze mixtures to produce the best Ice Cream, Gelato and create Frozen pastry and cakes. Includes dedicated beaters for low & high overrun frozen desserts. Optional Dispensing Door facilities production of takeaway products & Ice Cream cakes. Available sizes: 302,502 & 802

Included

Request them from your dealer to always keep your machine hygienically perfect.

# Dispensing Door

The ideal system for filling retail containers or cake molds with high overrun frozen desserts. Fill classic Ice Cream pints using Carpigiani Crystal enabled Ready Batch Freezers. Create retail low-fat Frozen Dessert, Gelato or fat-free Sorbet retail solutions with the Gelato Crystal setting on Ready models. Resulting product can be stored and consumed at freezer temperatures.

Request it from your dealer to always keep your machine hygienically perfect.

Designed to be used with the Crystal Program on all Ready G & Ready G Tru-2 models.

## LB RTX Line

Available as RTX Version, G version or G TRU-2.  
 Classic Carpigiani machine allows you to create the best Ice Cream, Gelato, Sorbet, Sherbet, Premium Custard, Water Ice and more...

Available sizes: 302, 502 & 1002

Request them from your dealer to always keep your machine hygienically perfect.

## Maestro\*\* HCD

Carpigiani Batch freezer with cold and hot functions for Gelato, Chocolate, Granita and Classic Pastry

Smart technology for Gelato with the upmost consistency. Heating programs designed for classic pastry and chocolate.

Optional

Request them from your dealer to always keep your machine hygienically perfect.

## LB 502 DGT G

Classic Carpigiani machine allows you to create the best Ice Cream, Gelato, Sorbet, Sherbet, Premium Custard, Water Ice and more...

Request them from your dealer to always keep your machine hygienically perfect.

## LB 200 Tronic G

Countertop batch freezer with consistency control for creamy low overrun Ice Cream & Gelato

Countertop Batch freezer for creamy low-overrun frozen desserts. Full size freezing chamber freezes up to 5 qts of mix per batch. Adjustable electronic consistency control ensures product consistency at different loads.

Request them from your dealer to always keep your machine hygienically perfect.

# LB 200 IC

Counter Top Batch Freezer accommodates a range of production needs for Ice Cream, Dairy Free, Vegan, Sorbet, & other high overrun Frozen Desserts.

Request them from your dealer to always keep your machine hygienically perfect.

# ReadyChef

Carpigiani Batch Freezer with cold & Hot Function for Gelato, Chocolate Granita and Classic Pastry

Smart technology for Gelato with the upmost consistency. Heating programs designed for classic pastry & chocolate.

Optional

Request them from your dealer to always keep your machine hygienically perfect.

## LB 100B

Compact batch freezer brings Carpigiani quality to the restaurant and catering world

Professional and reliable batch freezer create creamy Ice Cream, sorbets, and savory recipes to add new flavors to your menu.

Ideal for restaurants and on-site catering.

Request them from your dealer to always keep your machine hygienically perfect.

## Freeze&Go

Wow customers with freshly made Gelato or Ice Cream, right in front of their eyes

Small, silent, and fast. Create freshly made Ice Cream in a matter of minutes!

Carpigiani technology in 22 inches. Single phase electrical power and compact design allow you to add the freshest Ice Cream into any setting.

# Turbomix

The Carpigiani Turbomix is an indispensable instrument for preparing all sorts of mixes in the modern ice cream parlor. It can be used to whisk, blend, emulsify, break-up dry or fibrous ingredients and separate greases in liquids, in order to obtain perfectly homogeneous ice cream mixes. Besides having the ability to prepare homemade ice cream mixes, it is also very useful in making confectionery products.

# Synthesis 2

The innovative system of modular units to produce Gelato & Sorbet. Every module independently produces and stores gelato.

Optional

Request them from your dealer to always keep your machine hygienically perfect.

Synthesis 2 V (vertical)

Synthesis 2 H (horizontal)

# Pastomaster 60 HE

Innovative Carpigiani Heat Treatment technology

You can produce your own frozen dessert mixes from scratch. You can also create liquid specialties such as pudding, chocolate Sauce & more

Size Available 60 L (16 GAL)  
Maximum Capacity (16 GAL)  
Minimum Capacity (4 GAL)

Optional

Request them from your dealer to always keep your machine hygienically perfect.

# Pastomaster 120 HE

Innovative Carpigiani Heat Treatment technology

You can produce your own frozen dessert mixes from scratch. You can also prepare liquid specialties such as Yoghurt & more

Size Available 120 L (32 GAL)  
Maximum Capacity (32 GAL)  
Minimum Capacity (8 GAL)

Optional

Request them from your dealer to always keep your machine hygienically perfect.

# Pastochef 18 RTL

Create pastry, chocolate, savory specialties and frozen dessert mixtures

Pastochef RTL can mix, cook, pasteurize, cool, age and store, in perfect hygiene.

Optional

Request them from your dealer to always keep your machine hygienically perfect.

# Pastochef 55 RTX

Create pastry, chocolate, savory specialties and frozen dessert mixtures for commissary

20 pastry, 5 gourmet food, 9 open programs for confectioners, gelato makers, chocolatiers and chefs.

Request them from your dealer to always keep your machine hygienically perfect.

# Ice Cream Hardening Cabinet

Hardening Cabinets are used to quickly bring down temperature for Ice Cream, Gelato, Frozen cakes and sticks.

# KW-50

Classic Carpigiani Whipped Cream dispenser for high volume production.

Compact and self-contained, and ready to work – all you have to do is place it on your counter and plug it in. Product is refrigerated until dispensed.

Request it from your dealer to always keep your machine hygienically perfect.

# Mister Art

Mister Art Plus is designed for filling Ice Cream cake, pastry & premium Ice Cream pop molds.

Broaden your product offering by adding frozen cakes and pastries.

Star Door

Included

Teorema

Optional

Carpi Care kit Carpi Clean kit

Request them from your dealer to always keep your machine hygienically perfect.

# Mister Art Plus

Mister Art Plus is designed for filling Ice Cream cake, pastry & premium Ice Cream pop molds, using two flavors simultaneously.

Also functions as a twist soft serve machine. Can even run soft serve in cylinder while creating monoportions in other! Broaden your product offering by adding frozen cakes and pastries.

Star Door

# Carpigiani in the world

Founded in 1946 in Bologna, Carpigiani quickly established itself internationally as a leader in the production of machines for artisanal gelato. Its investments are focused on research, design, and choice of components, to ensure adaptability to different production needs, ergonomic and practical use, operational safety, energy savings. All in compliance with the most strict food safety regulations.

Since 1989 Carpigiani is part of the Ali Group, which includes 79 prestigious brands of equipment for professional foodservice.

Since 2003, the school is recognized for training successful gelato entrepreneurs in 14 campuses worldwide. The mission is to teach the culture of quality artisanal gelato through complete training programs, combined with advanced teaching methods and a team of internationally renowned master gelato instructors.

Founded in 2003 alongside Gelato University, with the intention of providing training and courses for the North American entrepreneurs interested in wide variety of Frozen desserts ranging from Gelato, to ice Cream, and Frozen Custard to Premium Water Ice.

Founded in London in 2017 to provide group and individual lessons designed for chefs in food service and fine dining.

Since 2015, the school based in Tokyo has taught the unique training program, whose mission is to combine the best traditions of gelato with Frozen and Japanese pastry.

---

Carpigiani is not just technology: we believe in professional growth, and our instructors are available for group and individual lessons. Our courses are focused on balancing recipes for restaurants and new techniques for storing mixes and gelato, adding them to the normal, everyday activities of a professional kitchen.
