WARRANTY INFORMATION

We are pleased that you (the “Purchaser”) have chosen to purchase your Polyboard product (the “products”) from Polyboard design. To enhance your satisfaction with the Products, Polyboard design is pleased to offer the following limited warranty to the original Purchaser in relation to the products:

GENERAL PRODUCT WARRANTY

Polyboard design warrants that under normal residential conditions and usage, all products will be free from abnormal scratches and/or cracks for a period of 5 years from the date of your purchase for personal use, and 3 years from the date of your purchase for commercial use. In addition to the General Conditions of all Warranties, this Polyboard warranty does not apply where:

1. Discolouration is caused due to exposure to sunlight. Read about colour fading under our FAQs.
2. Scratches or marks caused by sharp objects, paints, stains, ink or dyes.
3. There are any indications of neglect or abuse to the Products.

HARDWARE WARRANTY

Any stainless steel hardware is warranted not to fail structurally for a period of 5 years of residential use. Defective hardware shall be warranted to the original Purchaser from the date of purchase.

GENERAL CONDITIONS OF ALL WARRANTIES

The warranties provided herein do not apply if:

1. The product is not installed in accordance with the manufacturer's specifications.
2. The defect is caused by occurrences beyond the control of Polyboard design.
3. The product has been altered or improperly maintained.

Polyboard Design has done its best to maintain the level of colorant stay as vibrant in the future as it is the day you bought it. We do that by using high quality UV inhibitor, and colourant specific for outdoor application during the sheet making process. We also do extensive testing and research on our products to make sure we are providing the highest quality furniture that we possibly can. However certain colours that are left out year-round without any protection to sunlight or weather events, could fade over time.
