

Bleed

Fabric cut size (includes gasket)

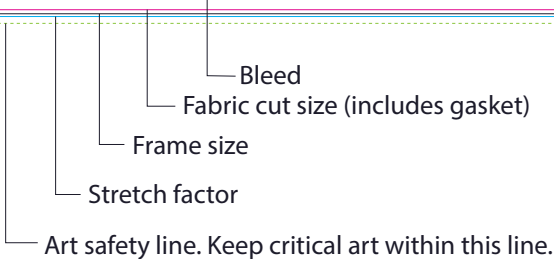

Frame size

Stretch factor

Art safety line. Keep critical art within this line.

39 x 96

Front 1

39 x 96

Back 1

If the back is
left blank
we will consider it
an unprinted blackout

Bleed

Fabric cut size (includes gasket)

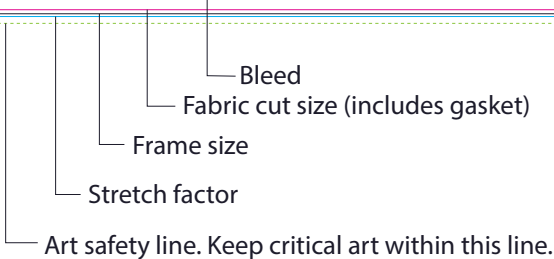

Frame size

Stretch factor

Art safety line. Keep critical art within this line.

39 x 96

Front 2

39 x 96

Back 2

If the back is
left blank
we will consider it
an unprinted blackout

Bleed

Fabric cut size (includes gasket)

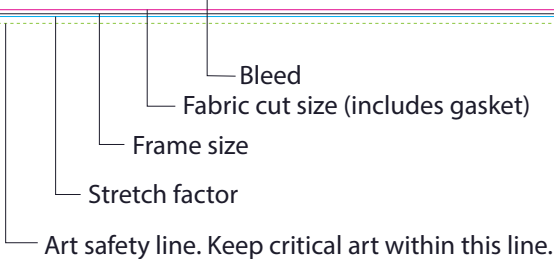

Frame size

Stretch factor

Art safety line. Keep critical art within this line.

39 x 96

Front 3

39 x 96

Back 3

If the back is
left blank
we will consider it
an unprinted blackout

Bleed

Fabric cut size (includes gasket)

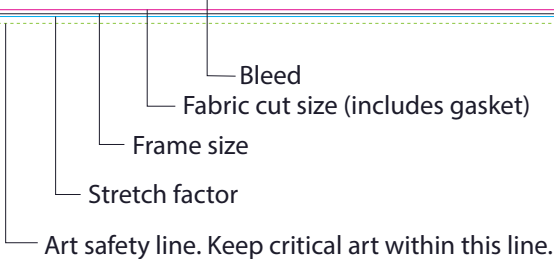

Frame size

Stretch factor

Art safety line. Keep critical art within this line.

39 x 96

Front 4

39 x 96

Back 4

If the back is
left blank
we will consider it
an unprinted blackout

Bleed

Fabric cut size (includes gasket)

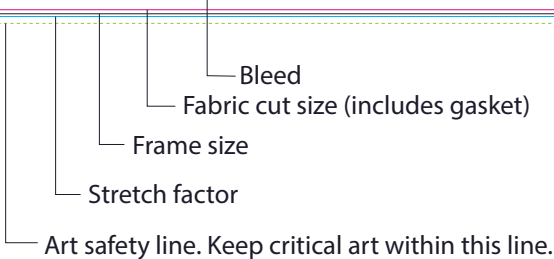

Frame size

Stretch factor

Art safety line. Keep critical art within this line.

39 x 96

Front 5

39 x 96

Back 5

If the back is
left blank
we will consider it
an unprinted blackout

Bleed

Fabric cut size (includes gasket)

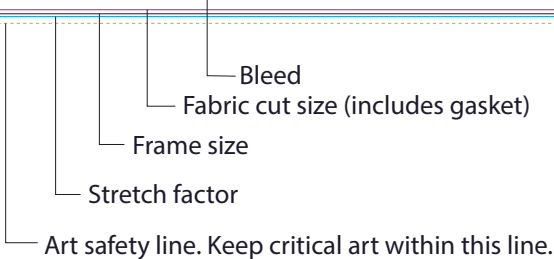

Frame size

Stretch factor

Art safety line. Keep critical art within this line.

39 x 96

Front 6

39 x 96
Back 6

If the back is
left blank
we will consider it
an unprinted blackout

Bleed

Fabric cut size (includes gasket)

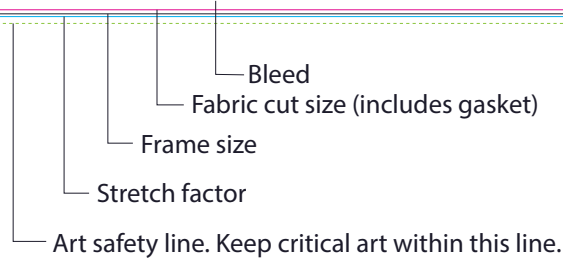

Frame size

Stretch factor

Art safety line. Keep critical art within this line.

78 x 96

Front 1

78 x 96

Back 1

If the back is left blank
we will consider it an unprinted blackout

Fabric cut size (includes gasket)

Frame size

Stretch factor

Art safety line. Keep critical art within this line.

78 x 96

Front 2

Fabric cut size (includes gasket)

Frame size

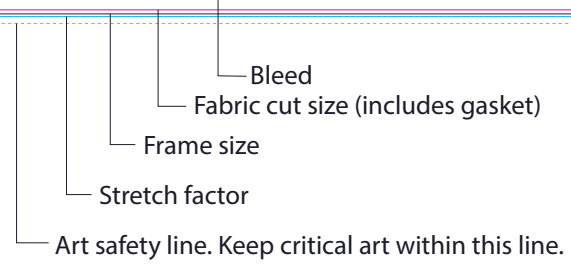

Stretch factor

Art safety line. Keep critical art within this line.

78 x 96

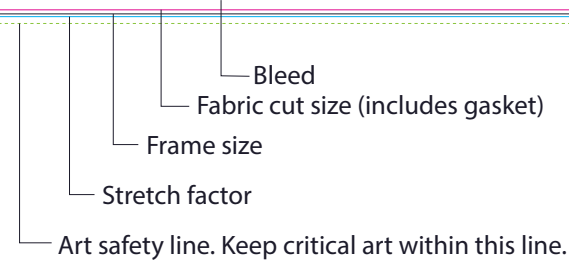

Back 2

If the back is left blank
we will consider it an unprinted blackout

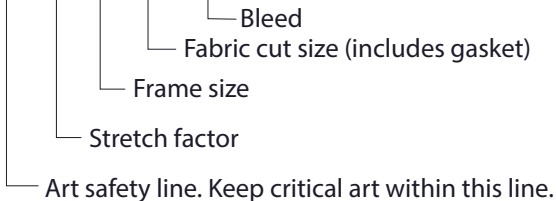

111 x 96

Front

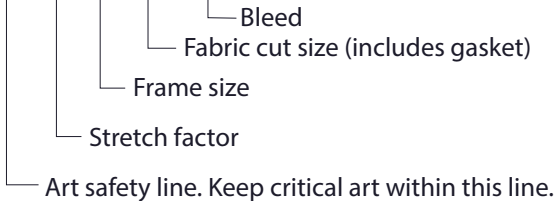

111 x 96
Back

If the back is left blank
we will consider it an unprinted blackout

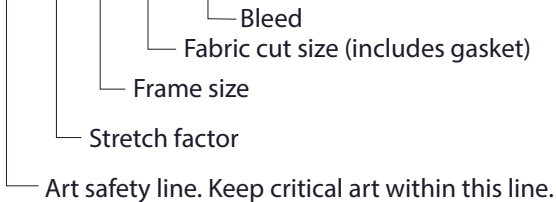

- 
- A diagram of a rectangular frame with several nested lines. From the outermost to the innermost, the lines are: a solid magenta line, a dashed green line, a solid black line, and a solid grey line. Labels with leader lines point to these lines: 'Bleed' points to the magenta line, 'Fabric cut size (includes gasket)' points to the dashed green line, 'Frame size' points to the solid black line, 'Stretch factor' points to the solid grey line, and 'Art safety line. Keep critical art within this line.' points to the innermost area.
- Bleed
 - Fabric cut size (includes gasket)
 - Frame size
 - Stretch factor
 - Art safety line. Keep critical art within this line.

Counter 1
(39.37x39.37)

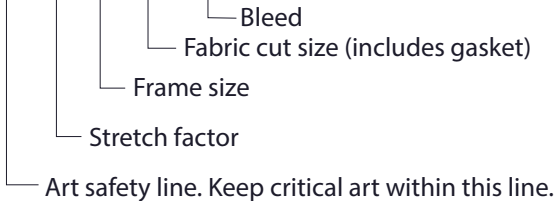

- 
- The diagram shows a rectangular frame with several concentric lines. From the outermost to the innermost, the lines are: a solid black line, a dashed green line, a solid black line, a solid black line, and a solid black line. Labels with leader lines point to these lines from the top right:
- Bleed
 - Fabric cut size (includes gasket)
 - Frame size
 - Stretch factor
 - Art safety line. Keep critical art within this line.

Counter back 1 (39.37x39.37)

If the back is left blank
we will consider it an unprinted blackout

- 
- A diagram of a rectangular frame with several nested lines. From the outermost to the innermost, the lines are: a solid green line, a dashed green line, a solid black line, and a dashed black line. Labels with leader lines point to these lines: 'Bleed' points to the solid green line, 'Fabric cut size (includes gasket)' points to the dashed green line, 'Frame size' points to the solid black line, and 'Stretch factor' points to the dashed black line. Below these, a separate label 'Art safety line. Keep critical art within this line.' is shown with a leader line pointing to a horizontal line.
- Bleed
 - Fabric cut size (includes gasket)
 - Frame size
 - Stretch factor
 - Art safety line. Keep critical art within this line.

Counter 2
(39.37x39.37)

- 
- Diagram illustrating the components of a print layout:
- Bleed
 - Fabric cut size (includes gasket)
 - Frame size
 - Stretch factor
 - Art safety line. Keep critical art within this line.

Counter back 2
(39.37x39.37)

If the back is left blank
we will consider it an unprinted blackout
