The Puretec Basic RU Series systems presents the latest in reverse osmosis, a filtration process for high purity water and eliminates 98% of all dissolved impurities, heavy metals, salts, viruses, bacteria, cysts, fluoride & chloride, chlorine, taste, odour, and chemicals.

SPECIFICATIONS

Model No:	RU194-4
Sediment Cartridge:	MB051
Taste & Odour Cartridge:	EC051
Inline Filter:	IN142
Membrane:	MMT1812-75
Micron Rating:	0.0005 micron*
Capacity:	283 Lpd
Tank Capacity:	7 Litres
Tank Delivery Flow Rate:	4 Lpm
Tank Refill Rate:	0.19 Lpm
Service Life:	Replace cartridges every 6 - 12 months & membrane every 2 years.
Operating Temperature:	4 - 30 °C
Supply Pressure:	300 - 520 kPa
Tap Hole:	12 mm
Connection:	15mm (½") cold water line
Warranty:	1 Year^

DESCRIPTION

The Puretec Basic RU Series systems presents the latest in reverse osmosis, a filtration process for high purity water. The ultrafine membrane operates by rejecting impurities and flushing them out to drain. This effectively eliminates 98% of all dissolved impurities, heavy metals, salts, viruses, bacteria, cysts, fluoride & chloride, chlorine, taste, odour, and chemicals. Only pure, sparkling clear water from your own water supply is left for your health, safety and peace of mind.

FEATURES

- Designed for mains water supplies.
- Removes sediment, rust, chlorine and fluoride.
- Removes Cryptosporidium and Giardia Cysts.
- Easy installation, fits under your existing kitchen bench top.
- All plumbing fittings are included for easy standard installation.

^1 year warranty is parts and labour. Excludes consumables. *Micron rating is nominal.
