

Product datasheet

FFP2 with valve

Single shift use valved particulate respirator. A disposable fold-flat half mask incorporating elastic textile straps, flexible nose clip, exhalation valve and soft foam nosepiece. For protection against non-toxic, low-to-average toxicity solid and liquid aerosols [e.g.oil-mists] in concentrations up to 10xAPF

FFP2 W. valve	
Item no.	100076

Standard	EN 149:2001 + A1:2009
Classification	FFP2 NR D PPE Regulation (EU) 2016/425.
Materials	<p>OuterLayer: Polypropylene Spunbonded Fabric, 45g/m2</p> <p>Pre-Filter Layer: Polyester Fibre Filter Fabric, 80g/m2</p> <p>FilterInternalMedia: PolypropyleneMelt-BlownFilter Fabric, FFP2grade</p> <p>InnerLayer: Polypropylene Spunbonded Fabric, 30g/m2</p> <p>Headstrap: Synthetic Rubber or LycraStraps [Latex-Free]</p> <p>Nose Clip: Steel+PP</p> <p>Nose Seal: PU Foam</p> <p>Exhalation valve: PP Plastic Valve Housing + Synthetic Rubber Membrane</p>
