Solid lines on the top and sides of page mark the centers of the letters so you can easily align your letters vertically or horizontally. When you assemble your template - tape pages together so solid lines line up.

Heights vary slightly - Numbers and letters are all designed for visual appeal. A slight variation in number height and width is intentional.

These dotted lines create even spacing of letters
Fold template on the dotted line and tape papers together so dotted lines match.
**These are guidelines. You are free to add or subtract space by adding or decreasing space between dotted lines so that it is visually pleasing to you.*

Suggested spacing between 8" tall letters:
For horizontal placement is 1.5 - 2" between letters.
For vertical placement - allow 1.5 - 2.5" between letters.
