# PERFECT YOUR ARM PARTY LIKE A PRO

Philanthropic Wrap Bracelets From Bloom + Grace

BLOOM +  
GRACE **BRACELETS** (\$90-  
\$135).

Inspired by World Immunization Week, which starts this Thursday, new philanthropic jewelry line Bloom + Grace launched a collection of gorgeous baubles that aid children in need of vaccinations in developing countries.

While the line as a whole is worth checking out, we're coveting B + G's luxe wrap bracelets as the key completing elements to our everyday arm parties. A glam take on the bohemian staple and created by artisans in Thailand and South Africa, these philanthropic outfit enhancers also account for 3, 6, 9 or 12 immunizations to a child for every piece purchased. Accessorize to perfection *and* give back to children in need? It doesn't get any chicer than that!

**Availability:** Bloom + Grace [Bracelets](#) (\$90-\$135).
