THE DOORS
FOR THIS
KIT ARE
DESIGNED
TO OPEN
AND CLOSE.

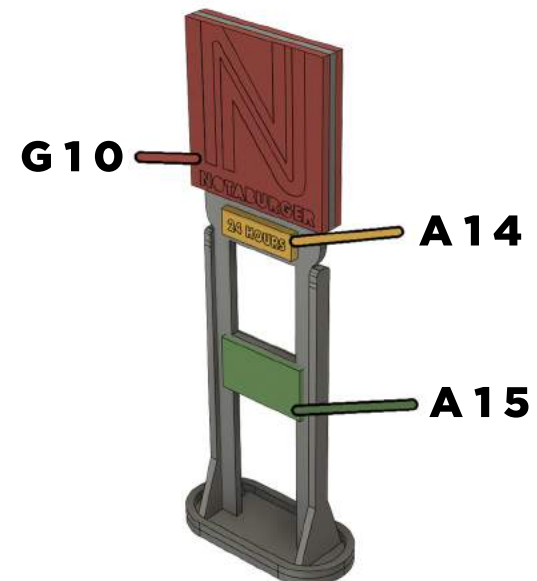

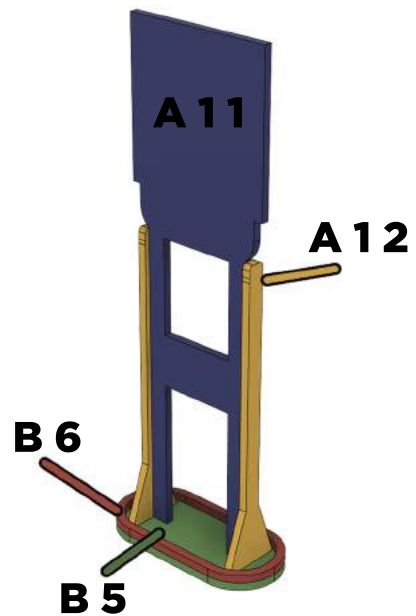

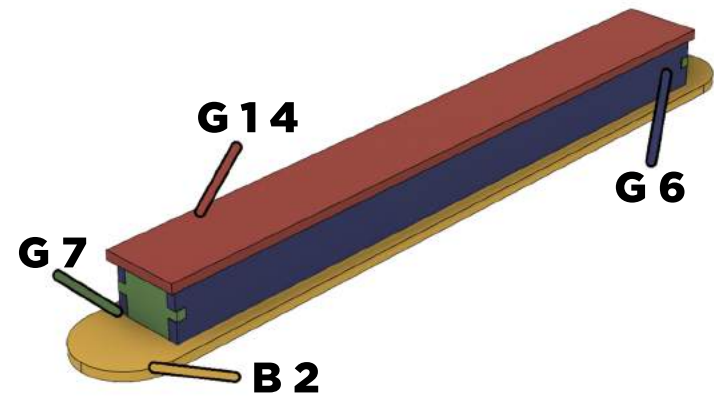

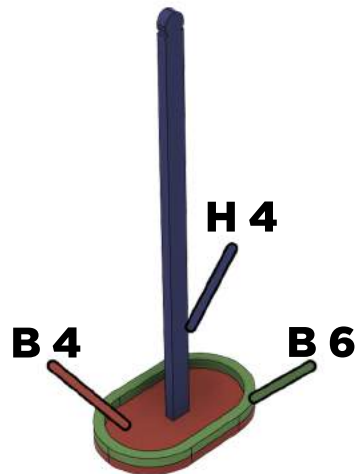

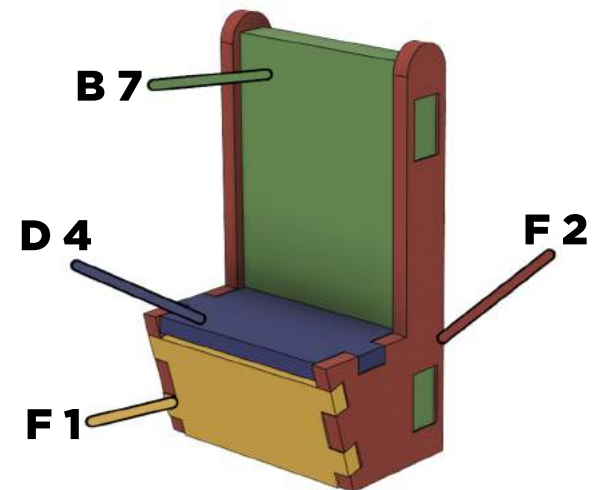

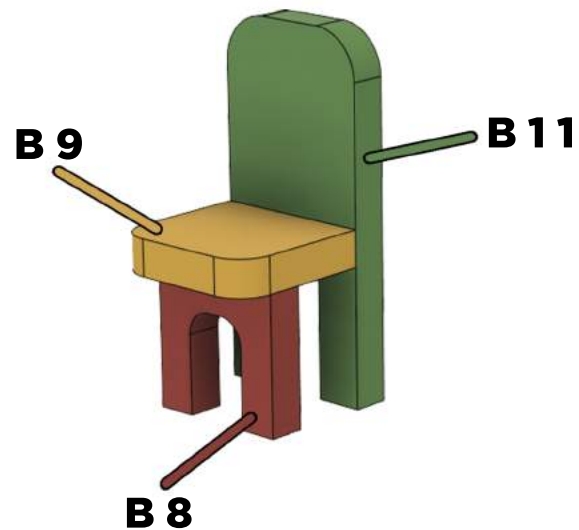

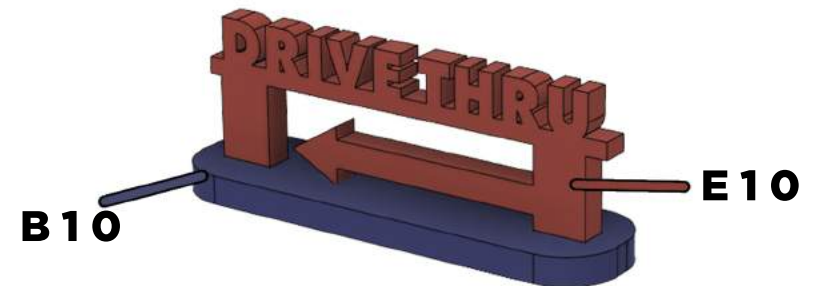

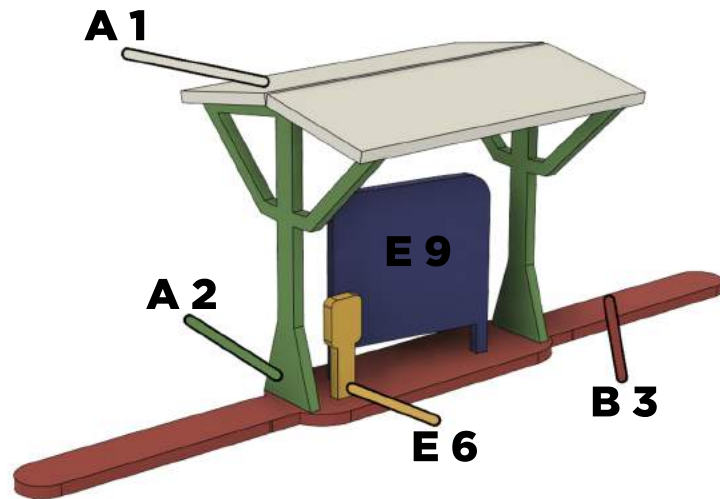

WHEN ASSEMBLING THE ROOF, WE SUGGEST NOT GLUING THEM TO THE BODY OF THE BUILDING. THIS WAY IT WILL BE MUCH EASIER TO LIFT THEM OFF AND PLAY INSIDE!

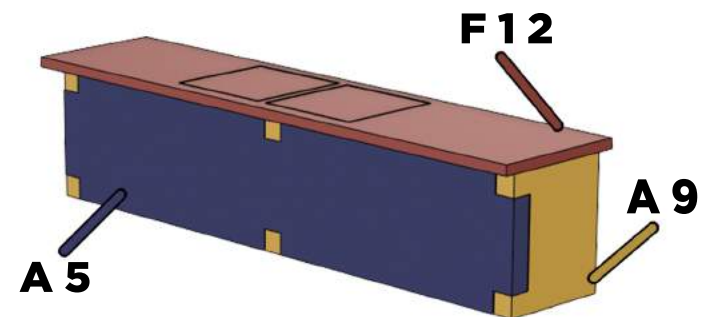

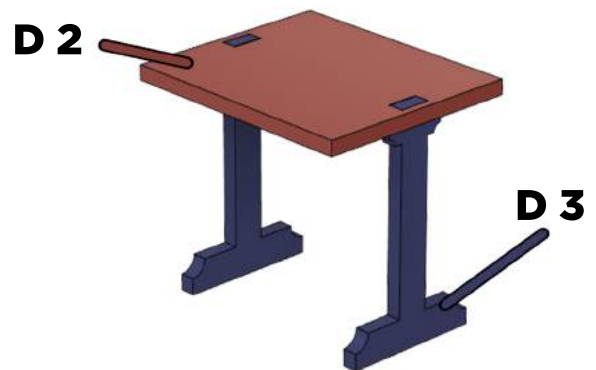

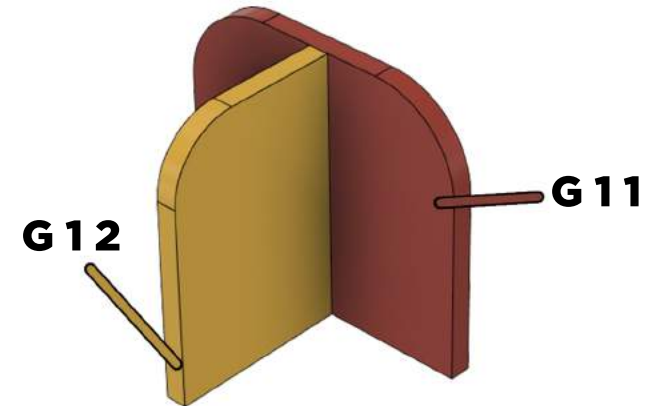

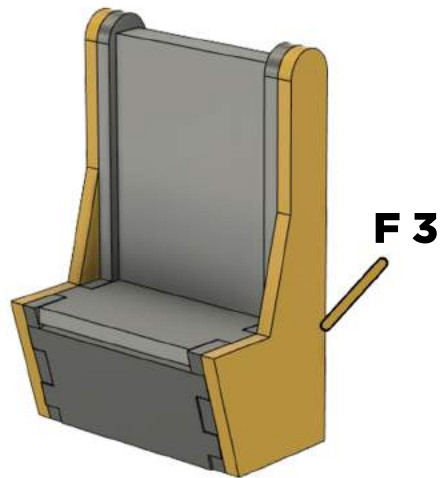

THE MAIN TRIANGLE PITCH SECTION CAN OFTEN BE LEFT ON THE BUILDING WHILE YOU LIFT THE TWO SIDE WINGS OFF INSTEAD.

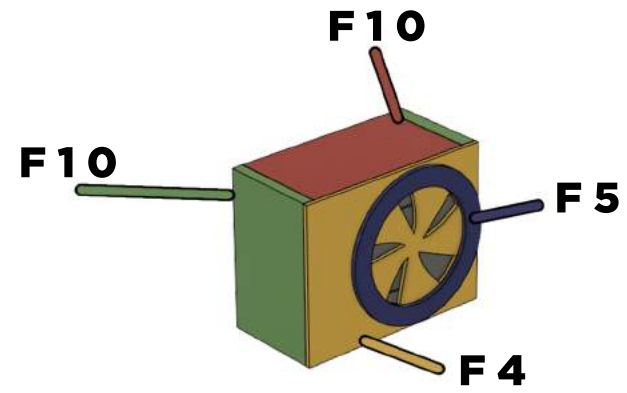

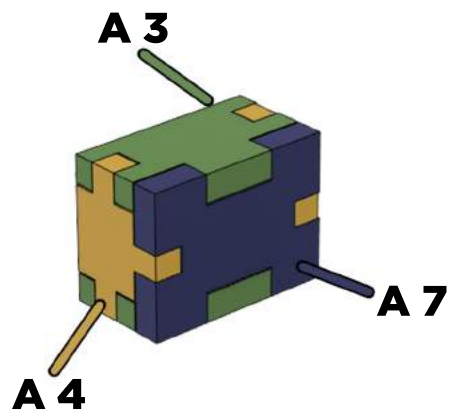

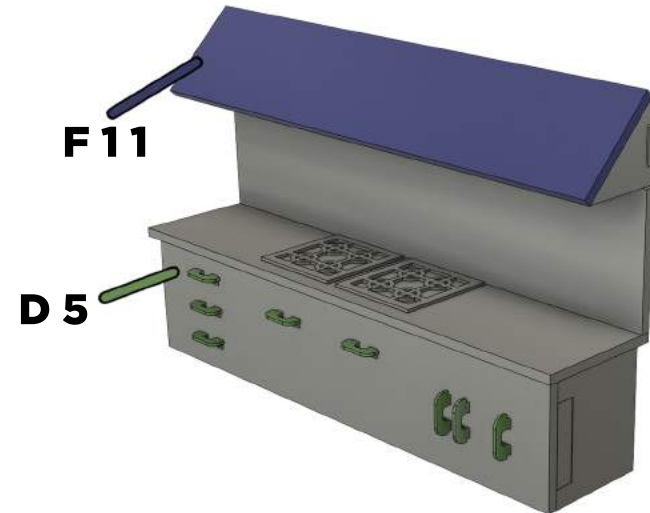

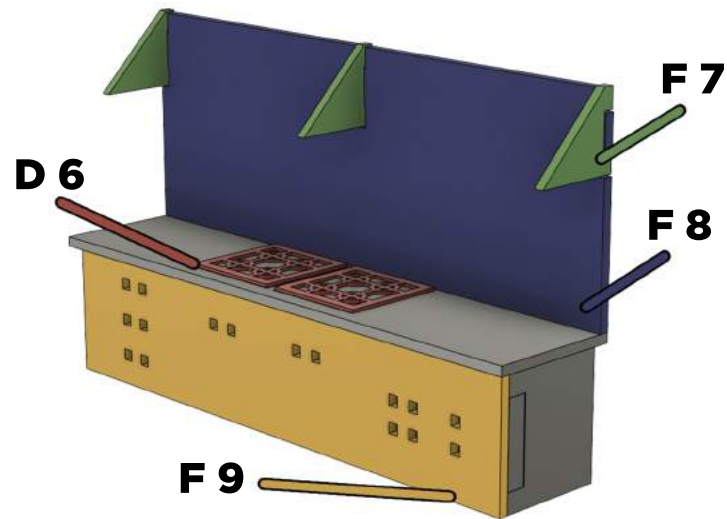

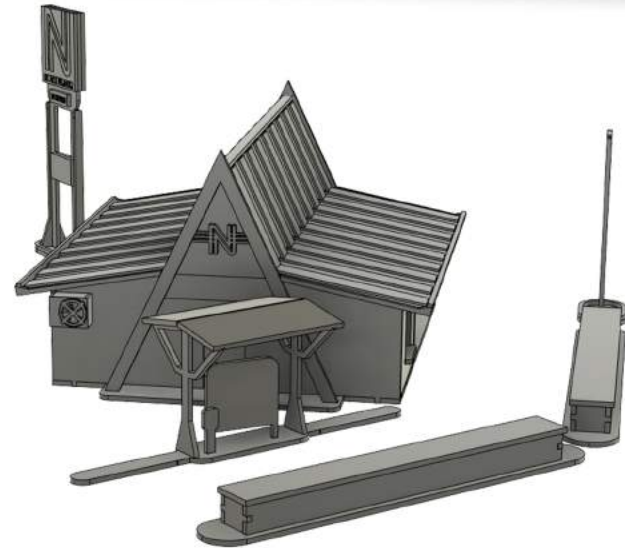

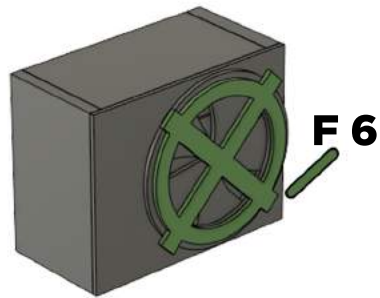

IF YOU WANT TO CHANGE THE COLOR OF THESE STRIPS, NOW IS THE BEST TIME TO SPRAY PAINT THEM. TAKE CARE GLUING THEM TO THE ROOF AND DONT GLUE ALL THE SECTIONS TOGETHER

THIS KIT INCLUDES A TON OF OPTIONAL GRAPHICS. SIMPLY CUT THEM OUT AND GLUE THEM HOWEVER YOU LIKE TO YOUR KIT. WE SUGGEST USING WHITE GLUE FOR THIS.
