SIZING AND MEASURING CORRECTLY

Ready to show your true colors? To ensure a good fit, follow the measuring guidelines below for the Boy-O-Boy item you'd like to order.

CUSTOM ITEMS CANNOT BE RETURNED, EXCHANGED,OR RESIZED LATER.
Please measure carefully!

1 BELTS

- Use a flexible measuring tape.
- Measure your waist/hips in inches, through your belt loops.
- Depending on whether you're ordering one of our Stirrup Buckle or Double Square Loop Belts, use the guidelines below to find your size

Important: DO NOT use the size marked in your pants or britches, or on other brands of belts. Your Boy-O-Boy Bridleworks belt size is unique and will not match them.

A. STIRRUP BUCKLE BELTS

- You'll need a belt that fits you.
- Lay it down straight, on a flat surface.
- Using flexible measuring tape, measure the length (in inches) from the point where the leather folds around the buckle to the hole you usually use. This length will be the size of your new Stirrup Buckle Belt (to the middle hole).

FIT TIP: for children's Stirrup Buckle Belts, consider going up one size (2") to allow room to grow. EXAMPLE: Order a size 26" belt for a child whose current belt measures 24." The new Stirrup Buckle Belt will fit to the tightest (rather than to the middle) hole.

B. DOUBLE SQUARE LOOP BELTS

- Using a flexible measuring tape, measure your waist or a belt that fits, as described above.
- Use that measurement to find the correct size for your new Double Square Loop Belt in the chart below.

MEASURING YOUR WAIST AND HIPS

STIRRUP BUCKLE BELTS

Please measure from the point where the buckle attaches to the leather... to the hole you typically use.

The measurement of your new Stirrup Buckle Belt will be the distance between these two points.

DOUBLE SQUARE LOOP BELTS

	XS *fits waist/hip size*	**S** *fits waist/hip size*	**M** *fits waist/hip size*	**L** *fits waist/hip size*	**XL** *fits waist/hip size*
CHILD	20" - 24" 50 - 60 cm	22" - 26" 55 - 65 cm	24" - 28" 60 - 70 cm	26" - 30" 65 - 75 cm	28" - 32" 70 - 80 cm
ADULT	30" - 34" 75 - 85 cm	32" - 36" 80 - 90 cm	36" - 40" 90 - 100 cm	40" - 44" 100 - 110 cm	44" - 48" 110 - 120 cm

FIT TIP: for children's Double Square Loop belts, consider going up one size to allow room to grow.

2 BRACELETS

- Use a flexible measuring tape and wrap it once around your wrist, just above the wrist bone.
- Use the chart below to find your bracelet size.

	S	M	L		S	M	L
CHILD	5.5" 14 cm	6" 15.25 cm	6.5" 16.5 cm	**ADULT**	7" 17.75 cm	7.5" 19 cm	8" 20.3 cm

3 DOG COLLARS

- Measure your dog's neck using a flexible measuring tape.
- Allow two fingers' width for comfort.
- Depending on whether you're ordering a Boy-O-Boy collar with a buckle or one of our martingale collars, use the guidelines below to find you dog's size.

A. COLLARS WITH BUCKLES

- You'll need a collar that already fits your dog.
- Lay it down straight, on a flat surface.
- Using flexible measuring tape, measure the length from the point where the leather folds around the buckle to the hole your dog usually uses. This length will be the size of your dog's new Collar with a Buckle (to the second tightest hole).

B. MARTINGALE COLLARS

We'll need two measurements from you:
- Your measurement of dog's **neck** or current collar, as described above.
- The measurement around the widest part of your dog's **head**.

Please measure your dog's current collar from the point where the buckle attaches to the leather, to the hole he typically uses.

4 BROWBANDS

We'll need two measurements from you: **your horse's browband size** and the **correct loop size for your bridle.**

1. Your horse's browband size .

- Lay your current browband down straight, on a flat surface.
- Using a measuring tape, measure your horse's browband from the end of one loop to the end of the other.
- Use the chart below to find your horse's browband size.

SMALL PONY	PONY	COB	FULL	OVERSIZED
13" 33 cm	14" 35.5 cm	15" 38 cm	16" 40.5 cm	17" 43 cm

FIT TIP: Our browband sizes are scaled for warmbloods. For horses with particularly fine heads like Thoroughbreds or Arabians, you may need to order down one size.

2. The correct loop size for your bridle.

- Using a measuring tape, measure directly across the part of the crown piece where your new browband will sit.
- To ensure a good fit, please DO NOT estimate or allow extra room. The loops should be fairly tight.

CUSTOM ITEMS CANNOT BE RETURNED, EXCHANGED,OR RESIZED LATER.

Please measure carefully!
