**100%  
COMPATIBLE  
WITH MAJOR  
BRANDS**

FabBrix pieces are made of wood. If placed in water or very high moisture is present in the air, bricks can lose or alter function. Important Notice: Due to the high precision wood cutting techniques, at first use the bricks may have a tight fit. This may make it harder to connect and disconnect them. This will subside after a few uses. Do not get them wet. Keep away from water.  
WARNING: CHOKING HAZARD Small parts.  
Not for children under 3 years.
