Better Sleep

Your rental may be in a great spot and have great amenities but if you have bad bedding then you'll end up with grumpy guests.

More Bookings

Create a great experience for your guests and they'll keep coming back time after time! A good night's sleep can help you achieve this.

Higher Ratings

Rest Five is not just an upgrade it's an investment. A better experience for your guests means better reviews and more bookings

Longer Lasting

Our mattresses and bedding are made from high-quality materials which means they can last longer and could cost you less overall.

Customer Reviews

My family is a big fan of Rest Five, we outfitted our entire cottage with the Carbon mattresses (in variety of sizes from twin to queen). We receive nothing but compliments when guests come to stay with us! The quality and customer service are excellent! 100% satisfied cottagers!

I have purchased my Rest Five king mattress over a year ago and it definitely holds its shape, it feels luxurious and is quite comfortable. I experience less back pain and the foam provides pressure relief and keeps me cool throughout the night. It is an excellent value for the money for a top quality mattress.

My husband and I are so happy with our recent Rest Five purchase! We love how firm the King mattress is, and you can't feel when someone moves or gets out of bed. Couldn't be happier and would highly recommend to anyone who needs their beauty rest!

My daughters were so excited to transition to their big girl beds. We purchased the carbon mattresses for them. They arrived quickly and were affordable. My 2 year old who was not the best sleeper is now sleeping the night we owe it to Rest Five!

This is your chance to bring the Rest Five Experience to your rental home. Contact us today to receive wholesale/ host pricing at restfive.com
