

NEW E50048

- + LIGHT
- + POWERFULL
- + EFFICIENT

Optimize your harvest speed !

Your dealer

Infaco's patented elliptical system essentially moves the rake head in an oval motion. This special movement optimizes harvest times and reduces bruising. Olives fall close to the trunk instead of being flung outwards and missing the nets.

COMPATIBLE F3010 Battery
2-4 hrs of autonomy

COMPATIBLE L810B Battery
8 hrs of autonomy

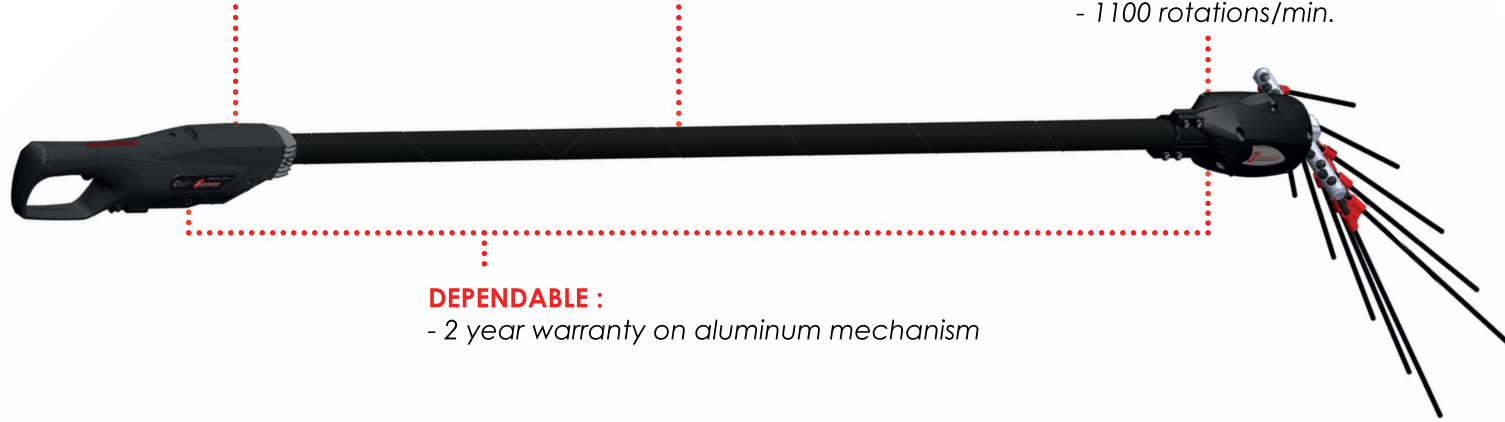

COMPATIBLE F3015 Battery
2-3 hrs of autonomy

The E50048 olive harvester allows growers to harvest 3x faster compared to manual hand harvesting.

SIMPLE :
- Refined style
- On/Off Switch

LENGTH & LIGHT-WEIGHT :
- Fixed-length carbon pole: **2.3m/7'6"**
- Total weight: **2.980kg/6.6 lbs.**

MAXIMUM YIELD :
- Rake width: 15.7»
- 11 fingers: 11.8» long
- 1100 rotations/min.

DEPENDABLE :
- 2 year warranty on aluminum mechanism
