

Xtreme Green®

ECO-ENGINEERED AUTOMOTIVE PRODUCTS

FUEL MAXIMIZER PLUS

FUEL CATALYST TECHNOLOGY

FOR GAS & DIESEL ENGINES

SUPER CONCENTRATED FORMULA

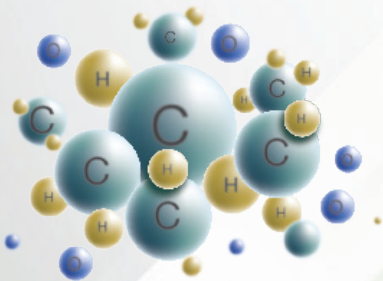

1 BOTTLE PER FILL-UP

BREAKS APART HARD-TO-BURN FUEL PARTICLES...

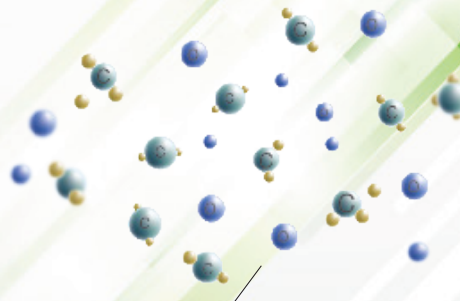

FROM THIS...

TO THIS

There is an abundant amount of chemical energy stored in a hydrocarbon.

In this state, Hydrocarbons don't burn completely resulting in carbon, soot, harmful emissions, and performance issues.

Makes Oxygen available to burn more completely.

By breaking apart those hard-to-burn particles, the fuels full chemical energy is released resulting in more power, better performance, and maximum fuel economy.

ONE SHOT DOES IT ALL!
