

PredImpact

Key Features

- TekArmor™ Liner
- Revolutionary PolyMax™ palm coating
- Highly Dexterous (18 gauge)
- 360° Breathable
- Great grip in light Oily applications
- Whole palm area compatible with Touchscreens
- Suitable for use inside or outside, in wet or dry; cold or warm conditions
- TPR Impact protection on the back of the hand with reflective surround

- Suitable for use in Food Industries
- Incredibly hard-wearing, high performance abrasion resistance
- Extremely lightweight and comfortable
- Elasticated cuff with coloured cuff size indicator
- **Cut Level F** protection under EN388:2016, ISO13997
- Padded palm area
- Additional thumb crutch protection
- Tested for **Contact Heat up to 250°C**

Specifications

Code: TS4	Size Range: 8 to 11
Name: PredImpact	Pack Size: 10 pairs
Liner: TekArmor™	Case Size: 40 pairs
Gauge: 18	EN388:2016: 4X42FP
Coating: PPU	EN407: X2XXXX

Suggested Applications

- Construction
- Engineering
- Automotive
- Assembly
- Glass/Glazing
- Metal Fabrication

*High Pressure Cut Applications
Suitable for use with Touchscreens
Suitable for use in Food Applications
Tested to Contact Heat Level 2*

Limitations of Use:

- Maintenance** - Examine gloves for damages, splits and holes before each use. Always replace damaged gloves. Only properly fitting gloves guarantee protection and grip.
- Storage** - Store at normal room temperature in a dry, well ventilated area. Avoid direct heat radiation.
- Disposal** - Used gloves can be contaminated. Dispose with household waste or as instructed by your local authority.
- Cleaning** - Do not wash. The performance of the product after laundering is unknown. Beat or brush out after each use, depending on level of dirt.
- Durability** - The period of use depends on the degree or intensity of use in the retrospective application. It is therefore not possible to provide a 'life span' of the gloves.
- Note** - Due to the nature of this product the user is advised to carry out their own risk assesment before use, depending on application.

Testing Requirements

These items comply with the requirements of Module B of the PPE Regulation (EU) 2016/425 and the harmonised standard(s) referenced. The CE mark indicates that the product complies with the general requirements, as laid out in the PPE Regulation (EU) 2016/425: Personal Protective Equipment Directive, EN420 + A1:2009 Protective Gloves General Requirements. EN388:2016 performance levels shown are taken from the palm area only, with the exception of 'IMPACT' which is tested on the back of the hand. Contact Heat Level 2, as tested under BS EN407:2004.
