Code: WS4 Size Range: 8 to 11

Pack size: 10 pairs Name: **Baltic**

Case size: 120 pairs Liner: Polyester/Acrylic

Gauge: **15/7** EN388: **2242X**

EN511: **X21**

Coating: Sandy Latex on Smooth Latex

Suggested Applications

- Construction
- Banksmen
- Scaffolding
- Infrastructure
- Engineering
- Landscaping
- Cold Stores and Refrigeration

WARNING: This product contains natural rubber latex which could cause anaphylactic responses.

Limitations of Use:

Maintenance - Examine gloves for damages, splits and holes before each use. Always replace damaged gloves. Only properly fitting gloves guarantee protection and grip.

Storage - Store at normal room temperature in a dry, well ventilated area. Avoid direct heat radiation.

Disposal - Used gloves can be contaminated. Dispose with household waste or as instructed by your local authority.

Cleaning - Do not wash. The performance of the product after laundering is unknown. Beat or brush out after each use, depending on level of dirt.

Durability - The period of use depends on the degree or intensity of use in the retrospective application. It is therefore not possible to provide a 'life span' of the gloves.

Note - Due to the nature of this product the user is advised to carry out their own risk assesment before use, depending on application.

Testing Requirements

These items comply with the requirements of Module B of the PPE Regulation (EU) 2016/425 and the harmonised standard(s) referenced.

The CE mark indicates that the product complies with the

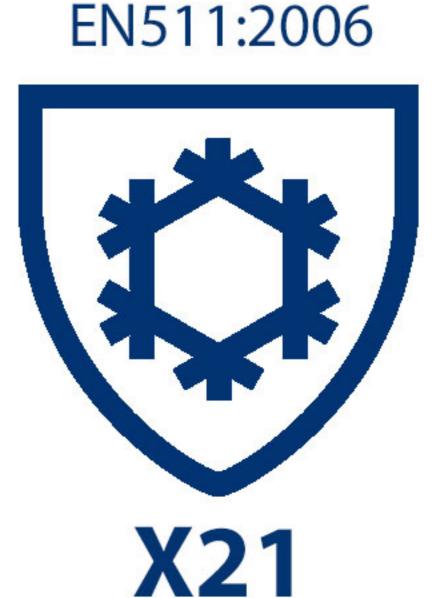

general requirements, as laid out in the PPE Regulation (EU) 2016/425: Personal Protective Equipment Directive, EN420 + A1:2009 Protective Gloves General Requirements.

EN388:2016 performance levels shown are taken from the palm area only.

EN511:2006 - This standard applies to gloves which protect against convective cold, contact cold, and water permeability.

These gloves meet the requirements for resistance to water ingress, tested under ISO15383. Declaration of conformity available at www.just1source.com
