

GIFT CATALOGUE

2023 COLLECTION | 01/2023

Saltbush Creations, South Australian designed and printed, beautiful and premium gifts with a unique Australian flavour.

ABOUT

SALTBUSH CREATIONS founder, Felicity, had spent 13 years of her life passionate about tourism and hospitality in the unique underground town of Coober Pedy in South Australia.

Felicity, embraced the outback life, but realised that the current souvenirs available didn't reflect the outback she loved.

After some thought, an idea was born for contemporary souvenirs that captured the unique beauty and humour of Australia.

Saltbush Creations was established in 2020 with some designs paving the way for contemporary outback themed souvenirs specific to Coober Pedy, South Australia and into Australiana.

Souvenir (Sou-ve.nir) *n.*
Something kept as a reminder (as of a place one has visited)

The Australian arid colourful landscape scattered with saltbushes and mullock heaps has its own beauty. A beauty that needs to be celebrated by all that travel through this unique country. So travel this great southern land. North to South, East to West it doesn't matter.

Just have yourself an adventure, and pick up a memento or two.

Live to tell the tale!

Felicity
