Midland Railway Station Building

Based on Oakworth, K&WVR

Read Before Building

**Estimated Build Time:
20 Hours**

This is a very complex kit, we strongly recommend taking your time building it. It is also very important to keep a clean work area as the card is permeable and can stain very easily.

We recommend using a standard PVA glue slightly diluted with water. We do not recommend any fast drying glues, as they can dry too quickly, making any small positional adjustments difficult. It's best to apply glue using a small paintbrush of cardboard offcut.

Parts cannot be bought individually. Spare or replacement frets can be bought £10 each for large frets and £7 each for small frets by contacting sales@dapol.co.uk

Printed instructions are available free of charge by contacting sales@dapol.co.uk

But most of all. Enjoy.

The image features the 'dapol' logo in a light grey, lowercase, italicized sans-serif font. The text is enclosed within a thin, light grey rectangular border. The logo is centered on a solid blue background. To the left of the blue area, there is a grey vertical band with a white curved line separating it from the blue field.
