

Model TFN-1036B

Ideal for cooling large areas but taking up little floor space, this attractive, slim profile tower design provides maximum air comfort in your home or office. This fan has 3 speeds PLUS 3 breeze setting (normal, natural and sleep) to customize surroundings and a 12-hour timer to have the fan automatically turn off. Use to direct air flow in one direction or oscillating option for a wider area of cooling. Remote control or touch panel operation.

FEATURES

Comfort Breeze Settings

- Comfort Breeze settings
 - 3 wind speeds: Press the speed button to select the desired wind speed
 - 3 Breeze modes: Normal, natural (speed increases/decreases naturally like the wind), and Sleep
- Wide area oscillation or one direction air flow
- LCD screen displays temperature in room

Built-in Timer

- Convenient 1-12-hour timer

Remote Control or Touch Panel Operation

- Use touch pad control to change functions or via remote control operation
- Place remote control in carrying handle for trouble free storage

Space Saving Design

- Slim tower design makes it the perfect size for any space in your home or office

Convenient Carrying Handle

- Easily move fan from room to room

Easy Assembly

Model TFN-1036B
