

Model RWD-10B

This portable water dispenser pump is ideal for the home, workplace, schools and 'on-the-go', such as at picnics, the beach, camping, sporting events and more! Simply fasten the pump to the water bottle mouth and start pouring. Includes built-in 800mAh rechargeable lithium battery which can dispense water for 30-40 days when fully charged – about 4-6, 6-gallon of water bottles.

FEATURES

Portable, Easy-to-Use Design

- Ideal for home, workplace, schools and 'on the go' such as picnics, sporting events and more!
- Use with 3- or 5-gallon bottle
- Easily connects to water bottle in seconds. Simply fasten to the bottle mouth and touch the 'ON' button for dispensing
- Colourful blue LED light indicates when water dispenser is ON

Safe and Healthy

- Uses food grade silicone tube and 304 stainless steel pipe

Fast Dispensing

- Strong 4W pump ensures fast water dispensing.

Long-Life

- Built-in 800mah rechargeable lithium battery provides dispensing of water for about 30-40 days or about 4-6 5-gallon bottles when fully charged
- Lithium battery only needs 3-4 hours to be recharged using USB cable (included)
- LED indicator light displays when unit is charging

Model RWD-10B
