

SKINWEAR FOR SPECIALISTS

shop on line: www.liod.it

Lorain produce dal tessuto al prodotto finito, **capi in 100% polipropilene con esclusiva lavorazione a marchio LIOD**. L'origine Italiana della lavorazione è certificata da UnionFiliera con codice tracciabilità n. UFL0080A

Lorain produces garments and accessories in **100% polypropylene**, from the fiber to the final item. **The manufacturing is exclusive by Liod**. The Italian origin is certified by UnionFiliera (the Italian Chamber of Commerce association) through the traceability code UFL0080A.

Lorain produit des vêtements **100% polypropylène**, du tissu jusqu'au produit final, **sous la marque exclusive LIOD**. L'origine italienne est certifiée par l'UnionFiliera (l'association italienne de la Chambre du Commerce) par le code de traçabilité N°UFL0080A.

Lorain produziert Funktionsbekleidung und Accessoires aus **100% Polypropylen** - von der Faser bis zum fertigen Artikel. Die exklusive **Produktion wird unter der Marke LIOD vertrieben**. Der italienische Ursprung der Ware ist von UnionFiliera (Verband zum Schutz von „Made in Italy“ in der italienischen Handelskammer) durch den Rückverfolgungscod UFL0080A zertifiziert.

È un indumento intimo realizzato al 100% in polipropilene, fibra che presenta caratteristiche ideali per l'utilizzo sportivo. Due sono i fattori più importanti per chi pratica attività sportive: restare sempre caldi e asciutti.

Fondamentale è la capacità di questo indumento di trattenere il calore del corpo. Come possiamo vedere nel grafico, il polipropilene ha lo stesso potere coibente della lana (vedi grafico n° 1).

Si rimane asciutti perchè a contatto con la pelle ha un'ottima capacità di trasporto del sudore all'esterno (vedi grafico n° 2 e n° 3).

It is an undergarment made of 100% polypropylene, which has excellent qualities for sporting use. There are two very important factors for whoever practices sports: to remain warm and dry.

The capacity to retain body heat is indispensable and the most important property of this underwear.

Polypropylene has the same insulating power as wool, as can be seen below (see Graphic n° 1).

When worn in contact with the skin you will remain dry because it has the ability to transfer perspiration outward and away from the body (see Graphic n° 2 - n° 3).

C'est un sous-vêtement réalisé à 100% en fibre de polypropylène qui possède les qualités optimales pour une utilisation sportive. Garder le corps au chaud et au sec sont les deux facteurs les plus importants pour ceux qui font du sport.

La capacité de garder le corps au chaud est la qualité la plus importante de ce sous-vêtement. LIOD a le même pouvoir d'isolation que la laine, comme vous pouvez le constater ci-dessous (voir graphique n° 1).

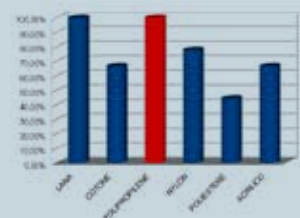

Il se porte à même la peau et vous garde au sec car il a l'excellente propriété de laisser filtrer la transpiration à l'extérieur (voir graphique n° 2 e n° 3).

Diese Funktionswäsche wird aus 100% Polypropylen hergestellt und eignet sich optimal als Sportbekleidung, da sie die zwei wichtigsten Faktoren für einen Sportler erfüllt: sie hält den Körper warm und trocken.

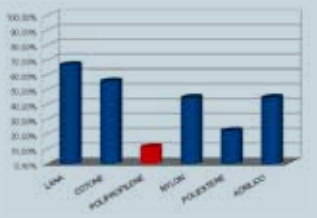

Grundlegend dabei ist das Wärmeisoliationsvermögen der Funktionswäsche. Wie man der nachstehenden Tabelle entnehmen kann, verfügt Polypropylen über dieselben Isoliereigenschaften wie Wolle (siehe Grafik n° 1).

Direkt auf der Haut getragen hält die Funktionswäsche Sie trocken, weil das Gewebe die Feuchtigkeit optimal nach außen leitet (siehe Grafik n° 2 e n° 3).

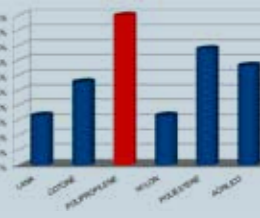

1) TRATTENIMENTO DI CALORE WARMTH

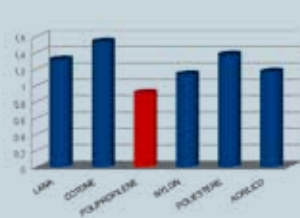

2) CAPACITÀ DI ASSORBIRE I LIQUIDI WATER ABSORPTION

3) PERMEABILITÀ AL VAPORE PERMEABILITY TO VAPOUR

4) PESO SPECIFICO DELLE FIBRE LIGHTNESS

Scopri tutti i vantaggi dell'abbigliamento LIOD, adatto per il tempo libero e ideali per tutti gli sport, anche in situazioni climatiche estreme.

MOLTO LEGGERO

Il polipropilene ha un peso specifico molto più basso di altre fibre. Questo vuol dire, per esempio, che con il medesimo indumento avremo, rispetto alla lana, il 32% in meno di peso (vedi grafico n° 4).

ASCIUGA RAPIDAMENTE

Completamente asciutto in poco tempo

NON LEGA CHIMICAMENTE

questo lo rende resistente allo sporco e facile da lavare, inoltre è inattaccabile da muffe e batteri.

ANALLERGICO

ideale per soggetti sensibili a fenomeni allergici.

COLORI STABILI

è una fibra che viene "tinta in massa" questo assicura solidità al colore, i capi LIOD non perdono e non prendono colore, possono essere lavati fino a 60°C.

RESISTENTE

per la particolare lavorazione del tessuto, LIOD è resistente all'usura e allo sfregamento e non dà problemi di pilling.

FIBRA ECOLOGICA

la sua produzione non inquina, né chimicamente, né termicamente e può essere riciclato al 100%.

INDOSSARE IL CAPO ADERENTE

Discover all the advantages of Liod garments: wear it during leisure time or for sports, even in extreme climates.

LIGHTWEIGHT

Polypropylene has a specific weight which is less than any other fiber. For example, compared to a similar garment in wool, it weighs about 32% less (see Graphic n° 4).

RAPID DRYNESS

It dries completely in a shorter amount of time

DOES NOT CHEMICALLY BOND

This makes it resistant against dirt and bacteria and makes it easy to wash.

HYPOALLERGENIC

Perfect for people with sensitive skin.

STABLE COLOURS

The fiber is batch dyed, so the colour remains stable and solid. Therefore, garments never lose or absorb colour. You can machine wash them up to 60°C

RESISTANT

Due to the particular manufacturing of the fabric, Liod is wear resistant and does not create a pilling effect.

ECOLOGICAL FIBER

Its production does not pollute either chemically or thermally, and it is 100% recyclable.

THE GARMENTS SHOULD BE WORN CLOSE FITTING

Découvrez tous les avantages de l'habillement LIOD, adapté pour vos activités de temps libre et idéal pour tout type de sports, même en situation climatique extrême.

TRES LEGER

Le polypropylène a un poids spécifique qui le rend plus léger que les autres fibres textiles. Ce qui veut dire, par exemple, qu'un vêtement LIOD va être 32% moins lourds qu'un vêtement en laine (voir graphique n° 4)

SECHE RAPIDEMENT

Il devient complètement sec en très peu de temps.

NE REAGI PAS CHIMIQUEMENT

Résistant contre les bactéries et moisissures, et également facile à laver.

ANTI-ALLERGENE

Idéal pour les personnes sujettes aux réactions allergiques.

COULEURS RESISTANTES

La fibre est teinte intensément, ce qui lui assure une forte résistance des couleurs; les vêtements LIOD ne perdent pas de leurs couleurs et ne déteignent pas. Ils peuvent être lavés jusqu'à 60°C.

RESISTANTS

De par leur fabrication particulière, les produits LIOD sont résistants à l'usure et aux frottements, et ne boulochent pas.

FIBRE ECOLOGIQUE

Sa production ne pollue pas et les produits peuvent être recyclés à 100%.

VETEMENTS PRETS DU CORPS

Entdecken Sie die vielfältigen Vorteile von Liod Funktionsbekleidung, egal ob in der Freizeit oder beim anspruchsvollem Outdoorsport, auch in extrem kalten Klimazonen.

GERINGES GEWICHT

Das spezifische Gewicht von Polypropylen ist geringer als das jeder anderen Textilfaser. Zum Beispiel ist ein Polypropylen-Kleidungsstück um ca. 32% leichter als ein vergleichbares Kleidungsstück aus Wolle (siehe Grafik Nr. 4).

SCHNELLES TROCKNEN

Es ist in sehr kurzer Zeit völlig trocken.

GEHT KEINE CHEMISCHE BINDUNG EIN

So ist das Gewebe resistent gegen Schmutz und Bakterien und einfach zu waschen.

HYPOALLERGISCH

Perfekt für sensible und allergische Personen

FARBECHT

Die Faser wird vor der Verarbeitung gefärbt. Deshalb verlieren oder absorbieren die Kleidungsstücke nie Farbe. Sie können Ihre Buntwäsche problemlos in der Waschmaschine bei 60°C waschen.

WIDERSTANDSFÄHIG

Durch das spezielle Herstellungsverfahren ist der Stoff sehr robust und bildet aufgrund der dauerhaften Faserstruktur keine störenden Noppen (Pilling Effekt).

EINE UMWELTFREUNDLICHE FASER

Bei der Herstellung treten weder thermische noch chemische Umweltbelastungen auf. Die Faser kann 100% recycelt werden.

LIOD FUNKTIONSWÄSCHE WIRD ENG ANLIEGEND AUF DER HAUT GETRAGEN.

Liod ringrazia tutte le persone che ci hanno omaggiato delle foto dei loro viaggi, **siete stati tantissimi**, e questo per noi è un motivo d'orgoglio. Ci scusiamo con chi, per motivi di spazio, non è stato pubblicato in questo volume, ma abbiamo nuovi lavori in cantiere. **Siamo felicissimi di ricevere foto delle Vostre spedizioni, continuate a farlo, contiamo su di Voi!!**
