

SAFETY STATEMENT

Precautionary statements:

- Keep away from heat, sparks, open flames and hot surfaces. - No smoking.
- Avoid breathing vapor or dust.
- Contaminated work clothing should not be allowed out of the workplace.
- Avoid release to the environment.
- Wear protective gloves/eye protection/face protection.
- IF ON SKIN: Wash with plenty of soap and water.
- If skin irritation or rash occurs: Get medical advice/attention.
- Wash contaminated clothing before reuse.
- In case of fire: Use carbon dioxide, dry chemical, foam for extinction.
- Collect spillage.
- Store in a well-ventilated place. Keep cool.
- Dispose of contents/container to approved disposal site, in accordance with local regulations

First-aid measures

- Inhalation: Remove from exposure site to fresh air, keep at rest, and obtain medical attention.
- Eye exposure: Flush immediately with water for at least 15 minutes. Contact physician if symptoms persist.
- Skin exposure: IF ON SKIN: Wash with plenty of soap and water.
- Ingestion: Rinse mouth with water and obtain medical attention.
- Most important symptoms and effects, both acute and delayed: Causes mild skin irritation.

- Indication of any immediate medical attention and special treatment needed: None expected.

Firefighting measures

- Extinguishing media - Suitable media: Carbon dioxide, Dry chemical, Foam.
- Special hazards arising from the substance or mixture - In case of fire, may be liberated: Carbon monoxide, Unidentified organic compounds.
- Advice for fire fighters - In case of insufficient ventilation, wear suitable respiratory equipment.

Accidental release measures

- Environmental precautions - Keep away from drains, surface and ground water, and soil.
- Methods and material for containment and cleaning up - Remove ignition sources. Provide adequate ventilation. Avoid excessive inhalation of vapors. Contain spillage immediately by use of sand or inert powder. Dispose of according to local regulations.

Precautions for safe handling:

Keep away from heat, sparks, open flames and hot surfaces. - No smoking. Use personal protective equipment as required. Use in accordance with good manufacturing and industrial hygiene practices. Use in areas with adequate ventilation Do not eat, drink or smoke when using this product.

Conditions for safe storage, including any incompatibilities:

Store in a well-ventilated place. Keep container tightly closed. Keep cool. Ground/bond container and receiving equipment. Use explosion-

proof electrical, ventilating and lighting equipment. Use only non-sparking tools. Take precautionary measures against static discharge.

Specific end use(s):

Fragrances: Use in accordance with good manufacturing and industrial hygiene practices.

Exposure controls/personal protection

- Control parameters - Workplace exposure limits: Not Applicable
- Eye / Skin Protection - Wear protective gloves/eye protection/face protection
- Respiratory Protection - Under normal conditions of use and where adequate ventilation is available to prevent buildup of excessive vapor, this material should not require special engineering controls. However, in conditions of high or prolonged use, or high temperature or other conditions which increase exposure, the following engineering controls can be used to minimize exposure to personnel:
 - a) Increase ventilation of the area with local exhaust ventilation.
 - b) Personnel can use an approved, appropriately fitted respirator with organic vapor cartridge or canisters and particulate filters.
 - c) Use closed systems for transferring and processing this material.
