Snappy King

Premium Outdoor Roasting **Oven**

Outdoor roasting in style

The Snappy King is Heatlie's high performance outdoor roasting oven. Designed to cook multiple roasts at once, with the convenience of a portable, outdoor unit, you'll soon forget you even had an indoor oven.

With a fully stainless steel construction, the Snappy King is durable and reliable in any situation. You can expect a consistent and reliable heat output every time, making roasting a breeze.

You'll find the Snappy King's versatility extends beyond just your normal roast meats. Enjoy the luxury of a spacious interior to bake cakes, pies, pizzas and much more!

Features

- Effective, powerful and energy efficient cooking with the Heatlie Ribbon Burner system
- Stainless steel firebox holds heat in
- Over 3,800cm² cooking area
- Flame Failure device for added safety
- Roll top hood makes for a compact and easy to access unit
- Easily transported on mobile legs with heavy duty wheels for rough surfaces
- 3 litre fat collection tray slides out easily
- 10 year domestic, 1 year commercial warranty

Circulated cooking system for optimal performance

The Snappy King utilises a unique cylindrical design in order to maximise heat coverage and circulation. It operates on just one burner, placed at the far rear of the firebox. This feeds heat up and around the cylindrical lid, acting like a fan forced oven. This produces a reliable and easily controlled heat output for perfectly cooked meals every time.

Accessories

The Snappy King has several great accessories to add to your cooking experience.

Vinyl Cover

Protect your Snappy King from the elements with a heavy-duty vinyl cover. Includes straps to hold cover down in windy weather.

Accessory Package

A bundled deal with the End Tables, Double Up Rack, and Vinyl Cover. This provides you with everything you should need for the complete Snappy King experience, all at a fantastic bundled price!

End Tables

Add extra storage and preparation space to either side of your Snappy King. Full stainless steel construction for added durability. These clip on and off easily and are even universal for use with Heatlie BBQs!

Double Up Rack

This will add an extra layer on top of your existing base rack for more roasting room. Also great for roasting vegetables and other delicate foods. (Pictured top middle panel).

Hot Plate Kit

Replace your grilled rack with a solid, 5mm mild steel hot plate. In order to do this, a second burner needs to be placed in the front burner slot. This ensures there is enough direct heat under the plate. The Hot Plate Kit will come with everything you need to convert your Snappy King.
