

DETAIL SPRAYS / SEALANTS

RIDE SHINE WAX/SEALANT DETAIL SPRAY

Give your paint, plastics, and chrome a quick wipe down and you will instantly fall in love with Ride Shine. It contains a true carnauba wax aimed at rejuvenating the existing protection on your paint and reintroducing that freshly waxed look. The unique "easy-wipe" formula will give you a streak free finish every time; even in direct sunlight!

AVAILABLE SIZES:
16oz / Gallon

APPLICATION:
 MICROFIBER
CLOTH

HIGHLIGHTS:

- Formulated with carnauba wax to create a deep shine.
- Easy-to-use streak free formula.
- Works in direct sunlight.
- Clear coat safe.

IGNITION HIGH SPEED DETAILER

Ignition is a silica infused waterless wash spray detailer that is excellent for cleaning light dust & grime off your vehicle's exterior surfaces, leaving the finish crisp and glossy. This formula cleans, creates ridiculous shine, and leaves the surface protected with SiO₂ technology. Ignition will boost a ceramic coated vehicle or provide stand alone protection for your vehicles exterior surfaces.

AVAILABLE SIZES:
16oz / Gallon

APPLICATION:
 MICROFIBER
CLOTH

HIGHLIGHTS:

- Leaves surface extremely slick and shiny.
- Exclusive surfactants and emulsifiers cut through dust and grime.
- Excellent for ceramic coated OR non-coated vehicles.
- Works on paint, glass & chrome.

THROTTLE DETAIL SPRAY

This exclusive wax-free, anti-static formula will help keep your vehicle clean while promoting the self-cleaning, hydrophobic properties of your ceramic coating. Throttle contains premium raw materials that deliver a crisp, slick surface. Use after every wash for maximum results. Works excellent on matte paint jobs - leaves the finish with that factory sheen.

AVAILABLE SIZES:
16oz / Gallon

APPLICATION:
 MICROFIBER
CLOTH

HIGHLIGHTS:

- Wax-free formula.
- Leaves finish crisp & residue free.
- Contains zero polymers.
- Excellent for use on all matte finishes.
- Promotes the self cleaning properties of ceramic coating.

PUNCH-IT CERAMIC DETAILER

We've taken unique synthetic materials and blended them with silica to make the ultimate spray sealant. Punch-it adds protection and creates an extremely hydrophobic, slick, self-cleaning surface which keeps your ride cleaner, longer. Works awesome on all exterior surfaces so there's no limit to what you can knock out with this product.

AVAILABLE SIZES:
16oz / Gallon

APPLICATION:
 MICROFIBER
CLOTH

HIGHLIGHTS:

- Formulated with SiO₂ & unique synthetic materials.
- Creates an extremely slick & hydrophobic finish on any exterior surface.
- Promotes a self cleaning surface, does not attract dust, keeping your vehicle cleaner longer.
- Can be used as a stand alone product for up to 3 months surface protection.

CLUTCH SILICA SPRAY

Clutch is NOT a detail spray. It's a water based silica spray that enhances and protects paint, trim, chrome, plastics and more! What is Silica? Silica is the principle component of glass and it is also a primary raw material for many ceramics such as stoneware and porcelain. Silica is the material that is responsible for these items being hard, durable and smooth. We have found a way to intergrate this amazing material into a water-based spray that will extend the life of your existing ceramic coating, or provide stand-alone protection, up to 6 months.

HIGHLIGHTS:

- Contains closet to 10% Silica!
- Refreshes and reloads ceramic coatings.
- Refreshes and brings the color back to sprayed in bed liners.
- Durable protection for ALL aftermarket, factory and powder coated wheels.

AVAILABLE SIZES:
16oz / Gallon

APPLICATION:
 MICROFIBER
CLOTH
