

SOAPS

HOTSHOT GENERAL WASHING & DETAIL PREP

This unique, crazy foaming, high cleansing formula is tough on dirt and grime but still delicate enough to not strip off your wax or sealant. This highly concentrated soap produces loads of cherry scented suds in your wash bucket in the matter of seconds or create a whole wall of foam around your vehicle with a foam cannon.

AVAILABLE SIZES:
16oz / Gallon

APPLICATION:

Foam
Gun

2 Bucket
Method

HIGHLIGHTS:

- Produces thick shaving cream style suds.
- pH neutral.
- Can be used in sunlight.
- Does not remove existing protection.
- Works in a wash bucket OR foam gun.

SHINE SOAP WAX / SEALED PAINT

This pH balanced formula works perfectly with any of our waxes or sealants. Shine Soap extends the life of the existing layer of protection rather than taking away from the protection like some cheaper soaps will do. Made with the highest quality raw materials to ensure you are getting the absolute best for your pride and joy!

AVAILABLE SIZES:
16oz / Gallon

APPLICATION:

Foam
Gun

2 Bucket
Method

HIGHLIGHTS:

- Use for weekly maintenance to enhance existing layer of wax or sealant.
- Unique water softeners decrease chances of water spotting.
- Low-foam formula rinses easily, saving you time and water.
- Leaves surfaces slick and glossy.
- Non - Toxic & Eco Friendly.

SHIFT SOAP CERAMIC COATED & MATTE PAINT

This pH neutral vehicle shampoo includes the finest blend of surfactants to quickly and gently clean your vehicle. This soap is the absolute definition of pure as it contains no silicone, sodium lauryl sulfate, waxes, polymers, or any other additives making Shift simply perfect for washing vehicles protected with ceramic coatings or vehicles with matte paint.

AVAILABLE SIZES:
16oz / Gallon

APPLICATION:

Foam
Gun

2 Bucket
Method

HIGHLIGHTS:

- Use on ceramic coated surfaces, matte paint, and vinyl wraps.
- Thick, emulsifying foam blend suspends dirt, allowing for the safest possible cleaning.
- Highest quality ingredients for the most gentle wash possible.
- Non - Toxic & Eco Friendly.
