Detail Sprays

RIDE SHINE

QUICK DETAIL SPRAY

Capacity Available:
16 oz* / Gallon

Application:

MICROFIBER TOWEL

Give your paint, plastics, and chrome a quick wipe down and you will instantly fall in love with Ride Shine. It contains a true carnauba wax aimed at rejuvenating the existing protection on your paint and reintroducing that freshly waxed look. The unique "easy-wipe" formula will give you a streak free finish every time; even in direct sunlight!

HIGHLIGHTS

- Formulated with carnauba wax to create a deep shine.
- Works in direct sun.
- Easy-to-use streak free formula.
- Clear coat safe.

SHINE MIST

CLAY & POLISHING LUBE

Capacity Available:
16 oz* / Gallon

Application:

MICROFIBER TOWEL

Unlike most clay lubricants on the market that only highlight "slickness", Shine Mist focuses on "grab" as well. What this means is that when using Shine Mist, your clay bar or synthetic clay product will actually pull fall out and deposits off your paint with ease instead of just skimming over it.

Shine Mist also doubles as a polish and lubricant when cycling any of our compounds and polishes.

HIGHLIGHTS

- Works excellent with all clay products.
- Silicone-free formula makes it a safe detail spray for body shop environments.
- Extends the cycle time of our compounds and polishes, providing you with a better finish.
- General all purpose lubricant that removes streaks from any surface

THROTTLE

CERAMIC COATING DETAIL SPRAY

Capacity Available:
16 oz* / Gallon

Application:

MICROFIBER TOWEL

This exclusive wax-free, anti-static formula will help keep your vehicle clean while promoting the self-cleaning, hydrophobic properties of your ceramic coating. Throttle contains premium raw materials that deliver a crisp, slick surface. Use after every wash for maximum results.

HIGHLIGHTS

- Carnauba wax free formula.
- Contains zero polymers.
- Leaves finish crisp & residue free.
- Promotes the self cleaning properties of ceramic coating.
- Excellent for use on all matte finishes

PUNCH IT

SYNERGY SPRAY

Capacity Available:
16 oz* / Gallon

Application:

MICROFIBER TOWEL

We've taken unique synthetic materials and blended them with silica to make the ultimate detail spray. Punch-it adds protection and creates an extremely hydrophobic, slick, self-cleaning surface which keeps your ride cleaner, longer. Works awesome on all exterior surfaces so there's no limit to what you can knock out with this product.

HIGHLIGHTS

- Formulated with SiO2 and unique synthetic materials.
- Use regularly to create an extremely slick and hydrophobic finish on any exterior surface.
- Promotes a self cleaning surface, does not attract dust, keeping your vehicle cleaner longer.
- Can be used as a stand alone product for up to 3 months surface protection.
