ASSEMBLY INSTRUCTIONS

- Position **Right L-Foot (B)** and **Left L- Foot (H)** over the two **Tabletop Bars (J)**.
- Align the holes and screw in the smaller **M5 Screws and Washers (K)**.

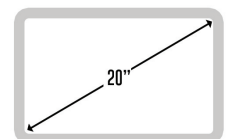

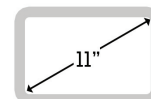

- Align the screw holes of the **Right Top Arm (D)** and **Left Top Arm (G)** over the now completed footers.
- Position the two **Width Adjust Rods (F)** to align with the screw holes of the **Right Top Arm (D)** and **Left Top Arm (G)** the footers and insert.

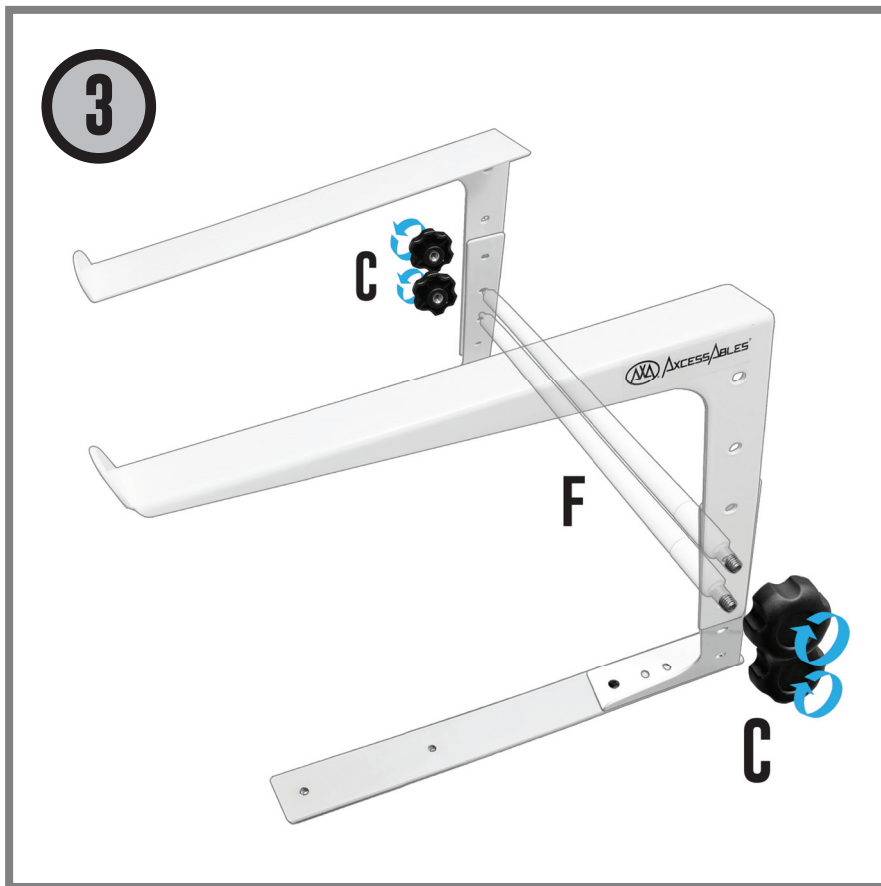

Side Feature

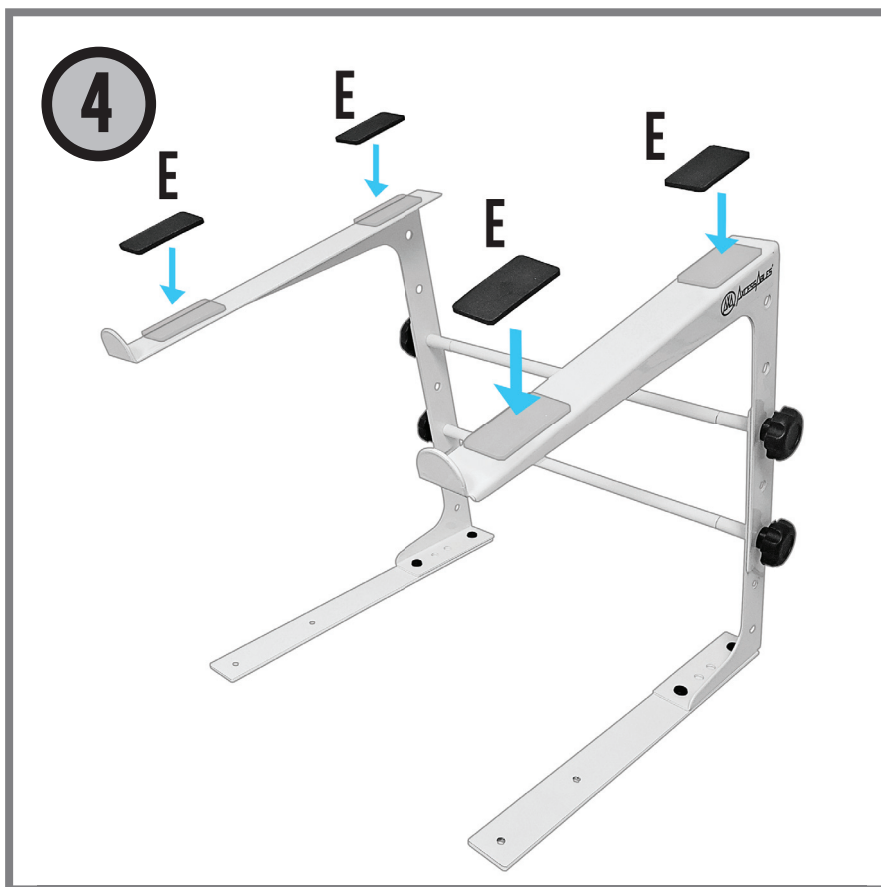

- The **Width Adjust Rods (F)** is comprised of 3 separate parts that can be unscrewed or screwed on depending on the width of your laptop.

ASSEMBLY INSTRUCTIONS CONTINUE

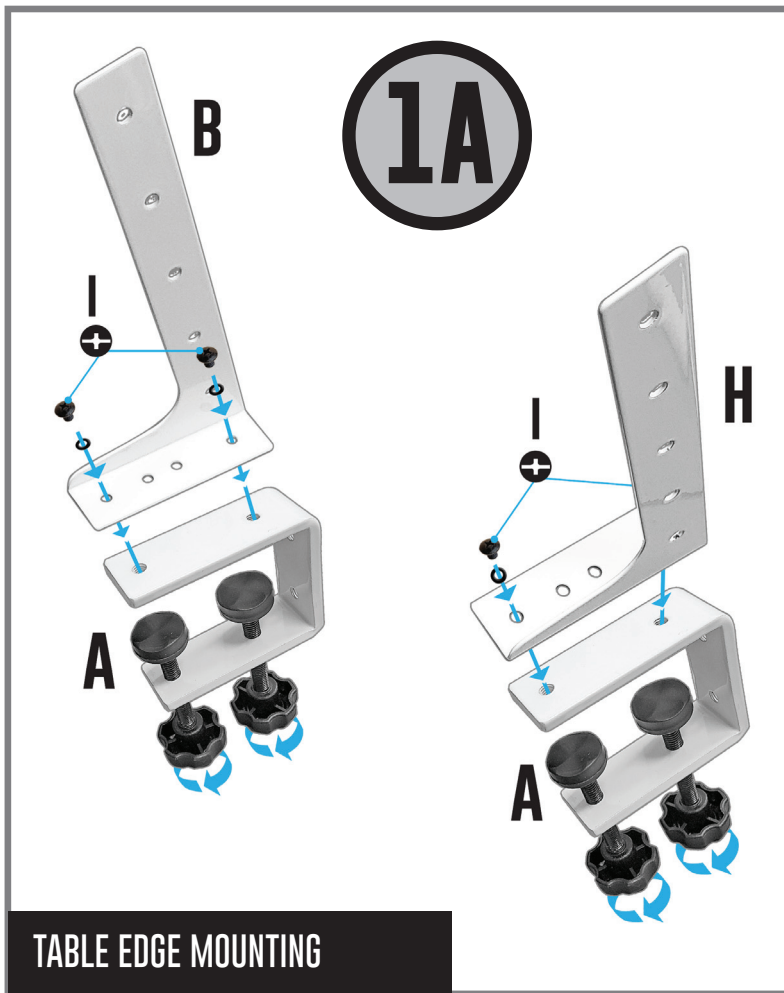

- Secure the **Width Adjust Rods (F)** by screwing in the **Plastic Screw Knobs (C)**.

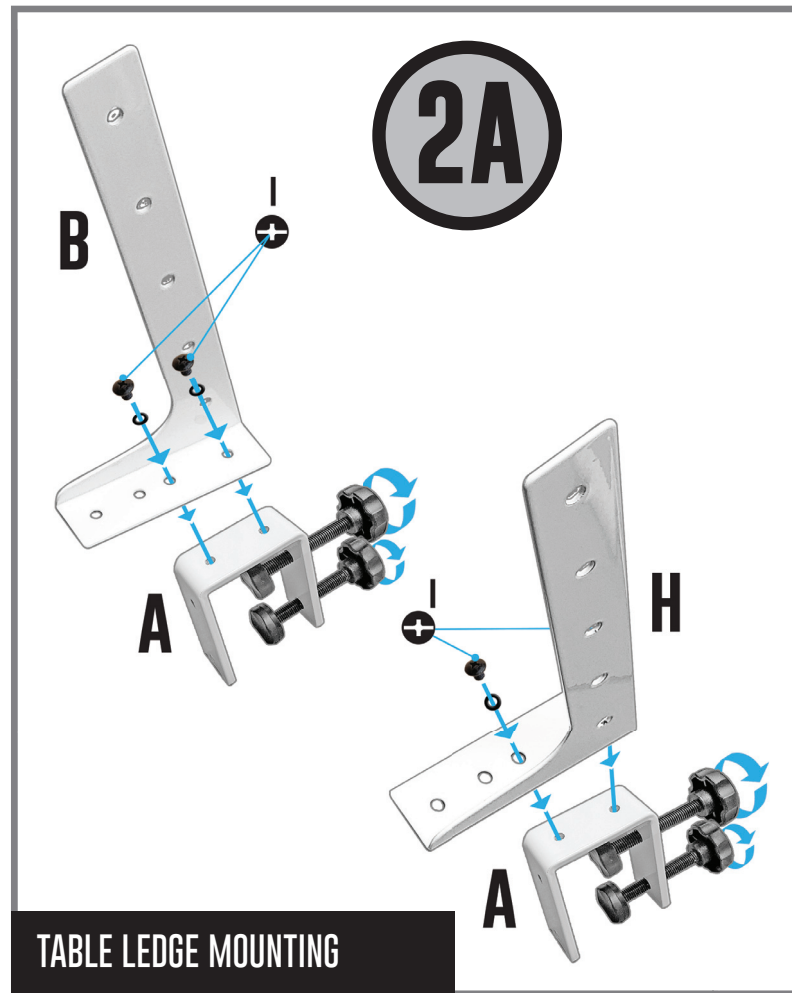

- Stick the **EVA - Non-Slip Pads (E)** strategically on the **Right and Left Top Arms**.

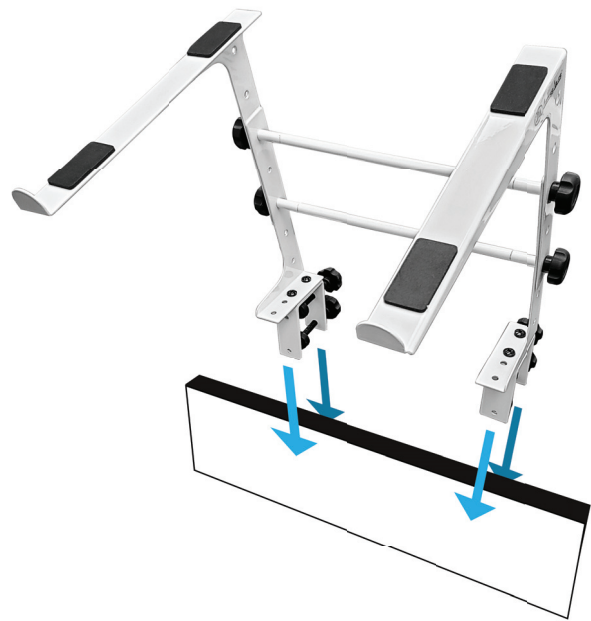

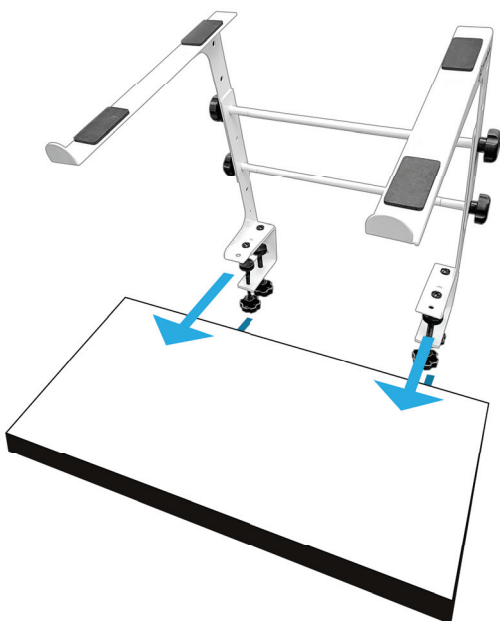

ASSEMBLY INSTRUCTIONS FOR TABLE EDGE AND LEDGE MOUNTING

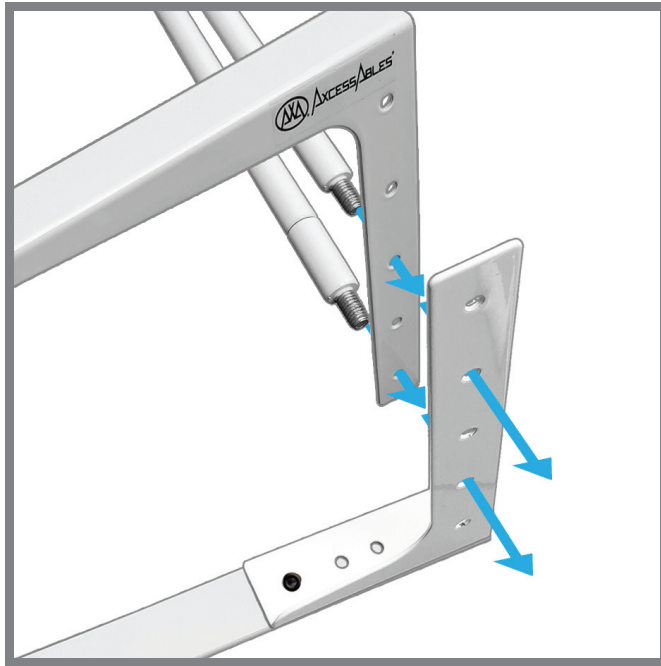

- For **Table Edge Mounting** position the **Edge Base Clamps (A)** with the **plastic knobs** pointed downward.
- Align the screw holes to the **Left L - Foot (H)** and **Right L - Foot (B)** bottom screw holes and screw in the **M6 Screws with Washers (I)**.

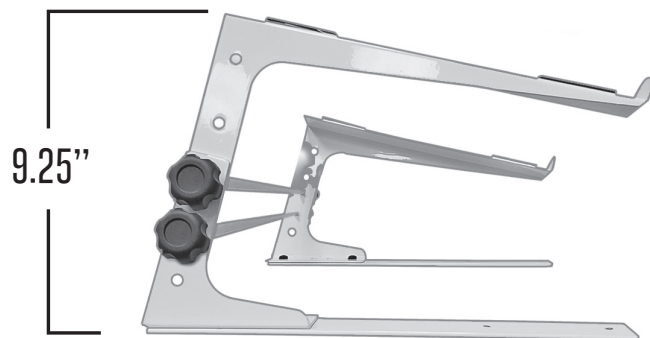

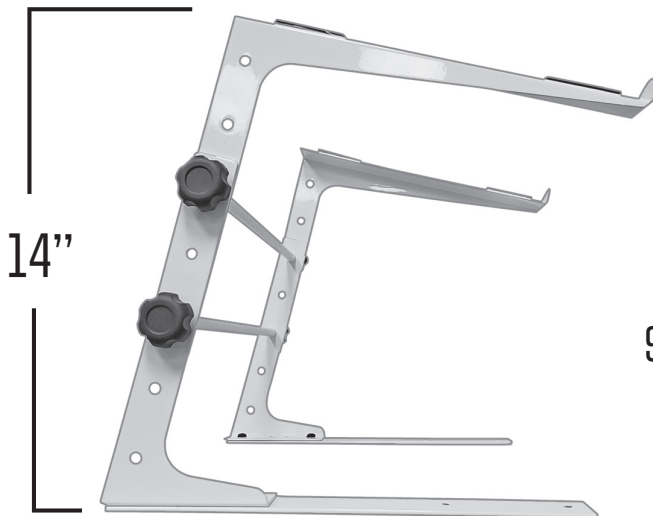

- For **Table Ledge Mounting** position the **Edge Base Clamps (A)** with the **plastic knobs** pointed to the sides.
- Align the screw holes to the **Left L - Foot (H)** and **Right L - Foot (B)** bottom screw holes and screw in the **M6 Screws with Washers (I)**.

ADJUSTING THE STAND'S HEIGHT

- Pick a preferred working height for your *LTS-02* Laptop Stand.
- Align the holes of the **Left and Right Top Arms** to the corresponding holes of the **Left and Right L-Footers**.
- Insert the **Width Adjust Rods**.
- Screw in the **Plastic Screw Knobs**.
