## About Us

There has been a growing worldwide emphasis on sustainability and going green. This has created a desire for natural products, simpler lifestyles, and a return to the basics. Gardening is an integral part of this lifestyle and continues to grow in popularity across all age groups. Yet, this activity is overwhelming to most people and many do not know where to begin. The terminology is confusing and there are a myriad of products and brands within each category.

Winslow & Ross is a brand that serves to simplify and educate the casual gardener with quality products to support their needs from seed starting to plant care and maintenance.

Broad product assortments at prices for every budget and informative packaging make finding the right product easier for every budget.

**“Complete Solutions for all your Gardening Needs”**

## Trimming

Regular pruning is essential to maintaining good healthy plant growth. Whether you are snipping roses or lopping tree branches you will find a full selection of quality tools in the Winslow & Ross collection. This line features product innovations like non-stick blade coatings for longer life, overmolded ergo grips, and high grade steel and aluminum construction.

Our patented Dual Kut pruner also is the first combination ratchet pruner in the industry.

And, of course, all are backed by the Winslow & Ross product warranty.

Just what you would expect from an industry leader.

## Digging

Every garden begins with the simple act of getting down into the soil.

You'll find a wide selection of trowels, spades, harrows, hoes, rakes and weeders in the Winslow & Ross collection.

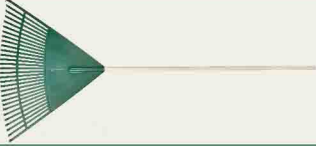

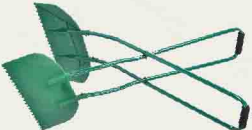

We offer a variety of styles in both short handled and long handled tools with many ergonomic and comfort features to make the work easier.

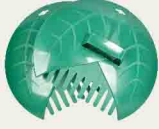

And of course, all are back by industry leading warranties.
